January 24, 1955

Mr. Robert G. Kunkel
Federal Bureau of Investigation
Honolulu, Hawaii

Dear Mr. Kunkel:

Your headquarters are being changed, public business permitting, from Honolulu, Hawaii, to Washington, D. C., effective upon your arrival there on or after this date. You should report to the Chief Clerk's Office, Room 5517, U. S. Department of Justice Building, for assignment. This change is made for official reasons and not primarily for your convenience or benefit, or at your request. You will be allowed your necessary expenses of transportation and a per diem in lieu of subsistence of \$9.00 for travel within the United States, a per diem in lieu of subsistence of \$6 per day for air travel beyond the continental limits of the United States, and a per diem in lieu of subsistence of \$7 per day for ocean travel by steamship. The transportation of your immediate family is authorized in accordance with Public Law 600 of August 2, 1946, and Executive Order 9805, approved November 25, 1946. b6 b7C

You are authorized to use a privately owned automobile in connection with your transfer and you will be reimbursed at the rate of seven cents per mile not to exceed the cost of common carrier by the most direct route, plus incidental expenses in connection therewith, of all persons officially traveling in that vehicle. Should your dependents travel by privately owned automobile separate and apart from you, mileage at seven cents per mile is authorized under the same conditions as above.

RECORDED - 141

67-334343-113

The transportation of your household goods and personal effects will be paid in accordance with regulations contained in Public Law 600 of August 2, 1946, and Executive Order 9805, approved November 25, 1946, as amended.

The supervisory requirements of this section in connection with the assumption of jurisdiction over Treasury Department cases was surveyed by the Training and Inspection Division. In a memorandum submitted by that Division under date of December 27, 1954, it was recommended that a Special Agent be transferred to the Bureau to supervise these Treasury Department matters. It was pointed out that the background of the controversy with the Treasury Department is extensive and that the Special Agent Supervisor would require a 30-day period to become thoroughly familiar with this background, which is a necessary prerequisite to the supervision of the Treasury Department matters. It was further recommended that if the agreement with Treasury was not consummated and investigative cases actually received at the end of this 30-day period, the Agent ordered in be temporarily assigned to the Washington Field Office until the actual receipt of cases.

Pursuant to this survey SAA H. Edward White of the Los Angeles Division was ordered into the Division on January 4, 1955. At White's request because of personal hardships, the Bureau cancelled his transfer on January 21, 1955, and by letter dated January 24, 1955, ordered SAA Robert G. Kunkel to report to the Bureau as a replacement.

A month has now elapsed since this supervisory position was authorized. The requirements are such that extensive indoctrination will be necessary for the supervisor to handle the Treasury Department cases when they are received. In view of this and since SAA Kunkel is coming to the Bureau all the way from Honolulu, it is recommended that every effort be made to expedite his transfer and that he report for duty in Washington at the earliest possible date.

NARRATIVE COMMENTS

Pew
FEB 16 1953/11 20

Note: The regulations require that OUTSTANDING ratings be supported by a statement in writing setting forth IN DETAIL the performance IN EVERY ASPECT and the REASONS for considering each worthy of SPECIAL COMMENDATION. UNSATISFACTORY ratings must be supported by a statement in writing stating (1) WHEREIN the performance is unsatisfactory, (2) the facts of the (90 day) PRIOR WARNING, and (3) the efforts made AFTER THE WARNING TO HELP the employee bring his performance up to a satisfactory level.

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee ROBERT G. KUNKELTitle SPECIAL AGENT GS-12Rating Period: from 11-23-54 to 2-9-55

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
○ No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out below.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out below.

- | | |
|---|---|
| <u>✓</u> (1) Personal appearance. | <u>✓</u> (17) Firearms ability. |
| <u>+</u> (2) Personality and effectiveness of his personal contacts. | <u>+</u> (18) Development of informants and sources of information. |
| <u>+</u> (3) Attitude (including dependability, cooperativeness, loyalty, enthusiasm, amenability and willingness to equitably share work load). | <u>+</u> (19) Reporting ability: |

ROBERT G. KUNKEL
SPECIAL AGENT

This Special Performance Rating is being submitted on captioned agent on the occasion of his transfer to SOG, where his services will be utilized as a supervisor. I have known him and have had occasion to observe him since my arrival in this office 12/14/54.

He works in headquarters city, spending most of his time handling Security cases and Security Informants (of which he has 8 assigned to him). He has an excellent knowledge of the security picture in the Honolulu Division and his work in this field has been outstanding. He is an accountant, and as such is fully qualified to handle any accounting case. He is fully qualified to handle complicated investigations of any type.

He makes an excellent appearance, being of medium height and stature, dresses well and quietly. He gets along exceedingly well with the public, law enforcement officers and other Bureau employees. He handles firearms very well and while I have had no occasion to observe him, I would have no hesitancy whatsoever in assigning him to arrests, raids, and other assignments involving personal danger. He has handled physical surveillances since my arrival here and has handled them well. He is in excellent physical health and can be used on matters necessitating arduous exertion.

He has performed a large amount of voluntary overtime and is willing to work any amount necessary to handle the Bureau's obligations. His time in the office has been kept to a minimum in line with the type of work (security) which he has been handling. He is rated excellent in dictation. His paper work indicates intelligent marshalling of his facts, attention to pertinent detail, and the finished product necessitates very little supervision. He has been used as a Saturday Relief Supervisor. His judgment has been excellent with reference to investigative and administrative problems.

He is available for any assignment anywhere and is desirous of advancing in Bureau service and desires to handle administrative duties. He is possessed of administrative and executive ability and with additional experience it is believed he will be able to quite adequately handle the jobs of ASAC and SAC in that order.

UNSATISFACTORY ratings must be supported by a statement in writing stating (1) WHEREIN the performance is unsatisfactory, (2) the facts of the (90 day) PRIOR WARNING, and (3) the efforts made AFTER THE WARNING TO HELP the employee bring his performance up to a satisfactory level.

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee ROBERT G. KUNKEL Title Special Agent (A)
 Rating Period: from 4/1/54 to 3/31/55

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
0 No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out on the reverse of form FD-185.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out on the reverse of form FD-185.

ROBERT G. KUNKEL
SAA, GS 12
EOD July 11, 1949
Annual Performance Rating

Kunkel reported for duty as a supervisor on the Bribery and Fraud Desk of the Accounting and Fraud Section on February 20, 1955. Prior to this time he was assigned to the Honolulu Division. The SAC at Honolulu reported Kunkel devoted most of his time to handling security cases and security informants, that he had an excellent knowledge of the security situation in Honolulu and that his work in this field had been outstanding. The SAC informed Kunkel gets along exceedingly well with the public, law enforcement officers and other Bureau employees; handles firearms well; qualified to make arrests and participate in other assignments involving personal danger. The Honolulu Division also indicated Kunkel had handled physical surveillances and handled them well; that he was a willing worker; that his paper work indicated an intelligent marshaling of his facts, attention to pertinent detail, and that his finished product necessitated very little supervision. Kunkel had been used as a Saturday relief supervisor in the Honolulu Division and the SAC there reported his judgment had been excellent with reference to investigative and administrative problems.

Since reporting for duty at the Seat of Government Kunkel has rapidly adjusted himself to his new supervisory duties. He has shown exceptional progress in acquiring background knowledge and the "know how" necessary to handle his present assignment. He is intelligent, personable and intensely interested in his work.

Kunkel is a fully qualified Bureau accountant and as such can handle complicated investigative matters. He has the attributes necessary to direct the work of others in this field.

Kunkel needs additional experience as a supervisor at the Seat of Government. After having secured such experience he should be qualified to assume additional administrative responsibilities.

PERSONNEL ADVANCEMENT

This memorandum is being submitted to set forth recommendations for advancement of Special Agents assigned to the Accounting and Fraud Section, Investigative Division, in accordance with SAC Letter 55-16.

GRADE GS 12

The following supervisors in this section are in Grade GS 12 and all have had less than one year's service at the Seat of Government. They all rapidly adjusted themselves to their new supervisory duties. After they have had the opportunity of securing additional supervisory experience at the Seat of Government they should develop so that they may assume additional responsibilities. At this time, however, they have not developed to the point where they could be recommended for the position of ASAC.

Memorandum to Mr. Rosen

The supervisors listed hereinafter in Grade GS 13 are thoroughly experienced Special Agents. As they have gained experience at the Seat of Government, additional supervisory responsibilities have been given to them, but all are in need of additional experience at the Seat of Government before being considered for the position of ASAC.

Grade GS 14

SAA Robert E. Rightmyer is a thoroughly experienced Bureau Supervisor. He has a well rounded investigative background. He has demonstrated his leadership ability as Supervisor in Charge of a unit in this section. He is capable of, and recommended for, the position as ASAC.

SA  is a thoroughly experienced Bureau Supervisor having been assigned at the Seat of Government for nearly 15 years. His health has not been too good, however, in the recent past and because of this he is not being recommended for the position of ASAC.

The following Supervisors in Grade GS-14 are thoroughly experienced men who have demonstrated their leadership qualities in supervisory positions at the Seat of Government. They are capable of assuming additional responsibilities at this time. For reasons set forth in their individual writeups, however, they are not being recommended for the position of ASAC.

Individual memoranda with reference to all individuals named in this memorandum are enclosed.

PERSONAL

Mr. Robert G. Kunkel
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Kunkel:

June 7, 1955, marks your Tenth Anniversary of active service with the Federal Bureau of Investigation. By way of official recognition of this special occasion, I wish to extend my sincere personal congratulations and, in further commemoration of this event, I am enclosing the Bureau's Ten-Year Service Award Key.

The period during which you have been with the Bureau has been one of tremendous expansion in the responsibilities of our employees. The willingness with which you have voluntarily given of your personal time and energy has been a source of much pleasure to me and I do not want to let this opportunity go by without letting you know of my deep appreciation for your steadfast loyalty and your conscientious devotion to your job. Such an attitude has indeed been an example to those associated with you.

I trust you will receive this Service Award Key with the same degree of pride which I know you take in your work performance, and I further trust we will continue to have the benefit of your valuable services for many years to come.

With best wishes,

INVESTIGATIVE DIV.

Supervisor R. M. Murphy of this Section has been loaned temporarily to the House Appropriations Committee. It is estimated this assignment will last approximately 6 to 9 months. Murphy has been handling fraud and bribery cases, being one of 8 supervisors assigned to the Bribery and Fraud Desk.

By reorganizing the supervisory duties in the Accounting and Fraud Section, it is believed that these duties can be handled without asking for a replacement for Murphy. This is possible at the present time, inasmuch as the Treasury Department has not put the jurisdictional agreement entered into between Justice and Treasury Departments into effect and, accordingly, the number of cases which we have received for investigation in this connection have been fewer than anticipated. If the number of Treasury Department cases increases, then it will be necessary to seek additional supervisory help.

It is recommended that the following changes be made:

1. SAA E. C. Williams who has been handling FHA matters in the Bribery and Fraud Unit will assume supervision of the regular fraud and bribery cases previously handled by Murphy. These are cases in which the office of origin is New York, Newark and other large eastern cities and comprise some of the more important cases being investigated. Williams is an experienced supervisor who can handle this assignment effectively.

2. SAA Dwight E. Newberg be assigned to FHA cases previously handled by Williams. Newberg has been assigned to the Claims Desk which is principally concerned with civil suits, and he will benefit by securing experience supervising criminal cases.

3. SAA William D. Griffith be assigned to the Claims Desk to replace Newberg. Griffith has been handling criminal cases on the Fraud and Bribery Desk. He has handled himself well. He is one of our better supervisors. He has a good accounting background and will function effectively on the Claims Desk.

Memorandum to Mr. Rosen

4. SAA Robert G. Kunkel is the newest supervisor in the section, having reported on February 23, 1955, upon being transferred from Honolulu. He was transferred to the Bureau when the Justice-Treasury Agreement was signed and it was anticipated numerous cases would be referred by Treasury to the Bureau for investigation. Kunkel has acquired necessary background information concerning this jurisdictional matter. Having acquired this background he is now in a position to assume other duties and until such time as Treasury refers cases to the Bureau in a substantial amount, he is in a position to handle fraud and bribery cases previously under Griffith's supervision.

The above changes will be made promptly after approval. In the absence of any substantial increase in the work of this section it will not be necessary to seek a replacement for SAA Murphy.

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur. The following person is designated as my beneficiary for FBI Agents' Insurance Fund:

Name [Redacted] Relationship Wife Date May 6, 1955

NARRATIVE COMMENTS

Note: The regulations require that OUTSTANDING ratings be supported by a statement in writing setting forth IN DETAIL the performance IN EVERY ASPECT and the REASONS for considering each worthy of SPECIAL COMMENDATION. UNSATISFACTORY ratings must be supported by a statement in writing stating (1) WHEREIN the performance is unsatisfactory, (2) the facts of the (90 day) PRIOR WARNING, and (3) the efforts made AFTER THE WARNING TO HELP the employee bring his performance up to a satisfactory level.

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
0 No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out on the reverse of form FD-185.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out on the reverse of form FD-185.

- ✓ (1) Personal appearance.
+ (2) Personality and effectiveness of his personal contacts.
+ (3) Attitude (including dependability, cooperativeness, loyalty, enthusiasm, amenability and willingness to equitably share work load).
✓ (4) Physical fitness (including health, energy, stamina).
+ (5) Resourcefulness and ingenuity.
+ (6) Forcefulness and aggressiveness as required.
+ (7) Judgment, including common sense, ability to arrive at proper conclusions; ability to define objectives.
+ (8) Initiative and the taking of appropriate action on own responsibility.
+ (9) Planning ability and its application to the work.
+ (10) Accuracy and attention to pertinent detail.
+ (11) Industry, including energetic consistent application to duties.
+ (12) Productivity, including amount of acceptable work produced and rate of progress on or completion of assignments. Also consider adherence to deadlines unless failure to meet is attributable to causes beyond employee's control.
+ (13) Knowledge of duties, instructions, rules and regulations, including readiness of comprehension and 'know how' of application.

ROBERT G. KINKEL
SPECIAL AGENT (A)
EOD 7/11/49
Special Performance Rating

Kunkel reported for duty as a supervisor in the Investigative Division on 2/20/55. He was initially assigned as one of the supervisors on the Bribery and Fraud Desk, Accounting and Fraud Section. He handled his responsibilities in this connection in such a satisfactory manner that on 9/14/55, he was reassigned to handle the Court and Administrative Inquiries Desk which is also in the Accounting and Fraud Section. This latter desk handles particularly sensitive investigations often of great public interest. Kunkel has demonstrated that he has the ability to handle the supervision of such cases in a highly satisfactory manner.

Kunkel is a loyal, cooperative and enthusiastic employee. He has approached his supervisory responsibilities in an alert, intelligent, thorough and aggressive manner. He has a very good knowledge of Bureau policies and procedures and has rapidly acquired the "know how" to be an effective Bureau supervisor. He has handled an above average volume of work with only average supervision. With additional experience at the Seat of Government Kunkel should develop the ability to handle even greater supervisory and administrative responsibilities.

RE: REALLOCATION

SA Kunkel entered on duty 6-29-42 as a Clerk, was appointed to the position of Special Agent on 7-11-49 and has been in Grade 12 since 4-11-54. His service as an Agent has been uninterrupted, he is available for special and general assignment and is being considered for GS-13 reallocation inasmuch as he has been serving as a Supervisor at the Seat of Government since 2-20-55.

Letters of COMMENDATION were directed to him on 6-27-50, 7-10-53 and 9-8-54. On 11-16-54 the Director saw SA Kunkel and stated he made a good personal appearance, he was ambitious to advance in the Bureau as he wanted to make it his career and the Director considered him to be above average both in enthusiasm and appearance and thought he should be kept in mind for future advancement.

On his 1952, 1953, 1954 and 1955 annual reports he was rated SATISFACTORY and the comments indicated he was considered an above average agent.

On 2-20-55 he was transferred to the Seat of Government as a Supervisor in the Investigative Division. In April, 1955 he was recommended for long-range advancement.

His daily average overtime for the last six months was as follows: August, 2 hours 8 minutes; September, 2 hours 13 minutes; October, 2 hours 18 minutes; November, 2 hours 13 minutes; December, 2 hours 18 minutes; January, 2 hours 32 minutes.

By letter dated 1-3-56 appreciation was expressed to him for his suggestion of 12-29-55, relative to communications. He would be advised in the event it was adopted.

On 2-20-56 [] rated him SATISFACTORY and said he was initially assigned to the Bribery and Fraud Desk in the Accounting and Fraud Section and he handled his responsibilities in this connection in a very satisfactory manner. He was subsequently reassigned to handle the Court and Administrative Inquiries Desk which was also in the above section. On this desk he handled particularly sensitive investigations often of great public interest. He had demonstrated he had the ability to handle the supervision

of such cases in a highly satisfactory manner. He had handled an above average volume of work with only average supervision. With additional experience at the Seat of Government he should develop the ability to handle even greater supervisory and administrative responsibilities. He was available for special and general assignment. In a separate communication Mr. Evans recommended he be reallocated to Grade GS-13 and Mr. Rosen and Mr. Boardman concurred.

The results of the recent inspection of the Investigative Division conducted by Inspector Van Pelt have been received and it is noted nothing derogatory was found concerning SA Kunkel's performance warranting administrative action.

A review of SA Kunkel's personnel file reflects that he presently meets the requirements for Grade GS-13 reallocation.

RECOMMENDATION: It is recommended he be reallocated to Grade GS-13, \$8990 per annum, at this time.

PART I GENERAL COMMENTS

Kunkel dresses in a neat, conservative manner and always presents a very good personal appearance. He has a friendly personality, expresses himself easily, and gets along with people in an excellent manner. He has demonstrated the ability to supervise effectively both complicated and delicate investigative matters. During the rating period, there has been no opportunity to use him on a raid or other dangerous assignment. His past record reflects he has such ability, however. There is no physical or other limitation on his availability. His sick leave record has been normal. During the rating period, Kunkel was promoted to Grade GS-13 effective 2/26/56. During the beginning of the rating period, Kunkel was assigned as one of the supervisors on the Bribery and Fraud Desk. He handled his responsibilities in such a capable manner that he was reassigned on 9/14/55 to the Court and Administrative Inquiries Desk, which position he has occupied to date. He has demonstrated that he has the ability to handle the particularly sensitive investigations which are supervised on this desk in a most satisfactory manner.

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur. The following person is designated as my beneficiary for FBI Agents' Insurance Fund:

Name [redacted] Relationship Wife Date 2/14/56

Address Same as insured.

The following person is designated as my beneficiary under the Chas. S. Ross Fund providing \$1500 death benefit to beneficiary of agents killed in the line of duty.

Mr. Kunkel was interviewed by me on 9/5/56 inasmuch as it is felt he offers possibilities for further development along administrative lines in the field. I have known Mr. Kunkel during practically his entire Bureau career and he served under my supervision in a clerical capacity for a considerable period of time several years ago. His Bureau service was interrupted between March 1943 and March 1946, during which time he was on military duty. Mr. Kunkel is 32 years of age, is married and has one child. He makes a very excellent, mature appearance and is one of the most wholesome, conscientious and sincere young men I have encountered in the Bureau. He is definitely a career employee and is sincerely desirous of advancing as far as he can within the Bureau. He hopes some day to develop into a Special Agent in Charge and I believe he has this capability. He will always do an above average job in any assignment given to him. SA Kunkel is an Accountant and his entire Bureau record has been definitely above average. While he has been assigned to the Seat of Government only since February 1955, it is believed he is well acquainted with Bureau policy, particularly in view of the type of clerical experience he formerly had in the Bureau and I see no reason why he could not function very capably as an ASAC at this time.

RECOMMENDATION:

It is recommended that SA Kunkel be given early consideration for assignment as an ASAC.

MEMORANDUM FOR THE DIRECTOR

RE: ROBERT GEORGE KUNKEL
EOD - Clerk 6-29-42
EOD - Special Agent 7-11-49
Grade GS-13, \$8,990
SPECIAL AGENT SUPERVISOR
ACCOUNTING AND FRAUD SECTION
INVESTIGATIVE DIVISION

On this date Special Agent Supervisor Robert George Kunkel was interviewed in regard to possibilities of his further development in the Bureau along administrative lines.

Mr. Kunkel/presents a good personal appearance, and has an attractive personality. He gives the impression of maturity both in appearance and action. He appears above average in intelligence and is most enthusiastic and sincere. Mr. Kunkel has one of the most refreshing and enthusiastic attitudes that I have witnessed in an employee in a long time. He is very deeply appreciative of the opportunities that he has had in the Bureau and has the very highest regard for the Director and his ability. It is believed that Mr. Kunkel would be very effective in meeting the public under any circumstances.

Mr. Kunkel advises that he is married and has one child, who is one year old, and that he is completely available for assignment at the Bureau's discretion. He is very much interested in advancement in the Bureau and would like to advance to the position of Special Agent in Charge.

In view of this Agent's record in the Bureau and the impression that he makes, it is believed that he could function satisfactorily as an Assistant Special Agent in Charge at this time and it is recommended that consideration be given him for this position.

Respectfully,

F. C. Holloman

1956 FISCAL YEAR
INVESTIGATIVE DIVISION

R. G. Dunkel

My memorandum of July 12, 1956, pointed out the excellent accomplishments involving several all-time high records achieved during the 1956 fiscal year and it was recommended that those responsible, both in the field and at the Seat of Government, be commended. The Director noted in connection with this memorandum that this was a most impressive record.

This memorandum is submitted to identify personnel at the Seat of Government who should be commended. Separate memoranda are being prepared with reference to the field.

The following supervisors contributed materially to the record established and should receive letters of commendation:

1. All-time high in general fugitives apprehended:

2. All-time high in fines, savings and recoveries:

It is also noted that while the number of convictions is small, nevertheless in such involved matters as Civil Rights and Labor violations the record for the fiscal year 1956 substantially exceeded that for the previous year.

While individual letters to the supervisors in this connection are not warranted, it is recommended that a general letter of commendation be addressed to the Division in order that these supervisors can be informed of the Bureau's appreciation for their part in the excellent record compiled.

Advice has been received from the Administrative Division that Special Agents (A) E. C. Williams and R. G. Kunkel are scheduled to begin administrative firearms training for a period of six days beginning 10/13/56.

Williams and Kunkel are both assigned to the Fraud and Bribery Desk and both are presently in the Administrative School which began 10/1/56 and which will conclude 10/12/56. It has imposed a burden upon the remaining supervisors to carry on the fraud and bribery work during their absence.

Inasmuch as administrative firearms training may be taken at Quantico at any time, it is recommended that this training for Supervisor E. C. Williams be deferred until after Kunkel has completed his firearms training. This memorandum should be referred to the Administrative Division.

The Director has approved the assignment of an additional Agent and a stenographer to the Tokyo Office. A recommendation concerning a stenographer will be submitted separately. We have three Special Agent Supervisors at the Seat of Government qualified for and interested in assignment to Tokyo: Special Agent [redacted] Administrative Division; Special Agent Robert George Kunkel, Investigative Division; and Special Agent Arthur Norstrom, Domestic Intelligence Division. SA [redacted] is being passed over at this time as he will not be available for transfer until at least November 1, 1956, inasmuch as his wife is expecting the birth of a child around October 1, 1956.

ROBERT GEORGE KUNKEL

Mr. Kunkel entered on duty June 29, 1942, in a clerical capacity and was on military leave from March 30, 1943, to March 8, 1946. He was appointed Special Agent (Accountant) July 11, 1949, is presently in grade GS-13, \$8990, 32 years of age, married, and has one child. He has a Bachelor of Commercial Science Degree. His services in a clerical capacity and as a Special Agent have been far above the average. He formerly served in the Director's Office prior to becoming a Special Agent.

SA Kunkel has a particularly good background qualifying him for assignment to Tokyo. He has had experience in criminal, accounting, and security investigations. He was assigned to Honolulu for 4 1/2 years prior to transfer to the Investigative Division on February 20, 1955. The majority of his experience in Honolulu was in the security field and a number of his cases involved oriental subjects. He was particularly successful in his investigations and was considered outstanding by his various SACs in the development of security informants. He has been commended by his SAC for the manner in which he handled special liaison duties with representatives of oriental countries passing through Honolulu from time to time. He is considered to be exceptionally aggressive, thorough, quick-thinking, and very successful in contact work of all kinds. He has now had supervisory experience at the Seat of Government and appears fully qualified for assignment to

Tokyo. The Director last saw Mr. Kunkel on November 16, 1954, and stated that he was above average both in enthusiasm and appearance and the Director thought he should be kept in mind for future advancement.

ARTHUR NORSTROM

SA Norstrom is one of the older Agents in the service, having entered on duty July 30, 1934. He was out of the service for seven months during 1947. He is presently in grade GS-14, \$10,535 per annum, 47 years of age, married, and has two children. He has a Bachelor of Laws Degree and is a member of the Minnesota State and Federal Bars. He is presently a Supervisor in the Espionage Section and his services both in the field and at the Seat of Government have been very definitely above average. He has been assigned to the Seat of Government since February 27, 1949.

At the present time Mr. Norstrom supervises many of the cases investigated by the Legal Attache at Tokyo and is familiar with the type of cases and the operation of that office. For the past several years he has been supervising espionage and intelligence investigations in the Chinese nationality field. He has been responsible for the over-all coordination of policies and programs designed to accomplish maximum effectiveness in our coverage of the Chinese. He is considered to have an outstanding knowledge of Chinese work and has made many valuable contributions in analyzing, developing, and implementing this phase of the Bureau's work. He initiated and assisted in the preparation of a monograph dealing with the national characteristics of the Chinese and their peculiar national customs and habits which will undoubtedly be of great assistance to the field in investigating these matters.

The Domestic Intelligence Division reviewed the records of these two Supervisors and advised that in their opinion SA Norstrom has the best over-all qualifications for assignment to Tokyo.

RECOMMENDATION

I recommend that SA Norstrom be designated Assistant Legal Attache of the Tokyo Office as he appears to be the best qualified Special Agent for the assignment at this time.

Reference is made to my memorandum dated 8/21/56 wherein it was recommended and approved by the Director that an additional Special Agent and an additional stenographer be assigned immediately to Tokyo.

In the selection of a Special Agent to Tokyo the following factors should be taken into consideration:

He should be a mature and well-rounded Bureau employee, aggressive, willing to travel, and a team worker. He should also be on record as available for assignment anywhere the Bureau may desire to send him, and since assignment of personnel abroad is an expensive proposition, he should be willing to stay abroad as long as this best serves the Bureau's interest. While it would be advisable that the Agent selected have experience at the Seat of Government, this is not essential since the position he will hold will be that of Assistant Legal Attache. While it would be preferable that he possess a knowledge of Japanese, this is not essential. Since most of the work in Japan, Hong Kong, and Manila, the areas covered by our office in Tokyo, is of a security nature, it would be helpful if he were experienced in handling security-type cases and had a knowledge of the oriental mind.

The following supervisors assigned to the Bureau have indicated an interest in being considered for assignment to Tokyo and should be considered at the time the selection is made:

(1) Special Agent Robert G. Kunkel. Agent Kunkel entered on duty as a clerk 6/29/43 and became a Special Agent on 7/11/49. He has been assigned to Division 9 since his arrival at the Bureau on 2/20/56. He is married and has one child. Prior to assignment at the Bureau he handled security cases and accounting matters in the Honolulu Division. On 11/16/54 the Director, after seeing Agent Kunkel, described him as being above average in enthusiasm and appearance and stated he should be kept in mind for future advancement.

(2) Special Agent [redacted] entered on duty with the Bureau on 11/16/35 and has been assigned to the Bureau in the Domestic Intelligence Division since 2/27/49. He is married

and has two children. Since 1/23/50 he has been assigned to the supervision of espionage intelligence and security matters involving China, has an outstanding knowledge of Chinese work, and has supervised a good deal of the investigations currently being handled by the Tokyo office.

(3) Special Agent [redacted] Agent [redacted] entered the Bureau as a Special Agent on 7/9/51 and has been assigned to the Administrative Division since 8/30/53. He is married and has no children. He speaks and understands Japanese and should become fluent in the reading and writing of Japanese without much difficulty. His personnel file reflects that he is interested in assignment to Tokyo, is capable of assuming additional responsibilities, and should be considered for advancement in the Bureau's service.

The selection of a stenographer for the Tokyo office should take into consideration the employee's availability, adaptability, knowledge of Bureau procedures, and ability to accomplish a large volume of work. She should be interested in foreign assignment and have no obligations or responsibilities which would preclude her from accepting such an assignment.

In considering the assignment of a stenographer to Tokyo, consideration should be given to the selection of [redacted] secretary, assigned to the New York Division who has been employed by the Bureau since 6/21/41. [redacted] has in the past indicated her availability for foreign assignment.

Consideration should also be given to [redacted] who entered on duty with the Bureau on 12/11/44 and has been assigned to the office of the Legal Attache, Mexico City, since 1/1/55. [redacted] by letter dated 11/4/55 advised that she was available for reassignment to Tokyo. Bulet 11/17/55 informed [redacted] that she would be considered for any future vacancy which might exist in Tokyo and that such consideration would be consistent with her qualifications.

Consideration should likewise be given to the selection of [redacted] secretary, assigned to the Los Angeles Division who during an inspection of the Los Angeles office on 8/1/55 expressed an interest in foreign assignment, particularly at Tokyo.

This assignment to Tokyo is a Grade GS-7 position, which fact should also be taken into consideration at the time the position is filled.

Mr. Kunkel just completed two weeks' attendance at Administrative School and one week of administrative firearms training at Quantico. He has been recommended for advancement.

I interviewed Mr. Kunkel today and explained to him the Bureau's promotional program, including the inspectional aspects. Mr. Kunkel appeared to be very enthusiastic about the opportunities for advancement and he has an excellent attitude.

He is 32 years of age, married and has one child. He has a Bachelor of Commercial Science Degree. He makes an excellent personal appearance, has a very good personality, appears to be above average in intelligence, is sincere, conscientious, loyal and makes an excellent impression during an interview. I think he has potentials for further developing along administrative lines.

Mr. Kunkel has been favorably recommended by Messrs. Nease and Holloman.

RECOMMENDATION

I recommend that Mr. Kunkel be detached from his present assignment in the Investigative Division and temporarily assigned to the Training and Inspection Division to be utilized on inspection duties.

Mr. Kunkel assisted the writer during the inspection of the Baltimore Office and on this assignment performed in reviewing files, assisted on interviews of personnel and assisted in giving clerical examinations. He has more than average enthusiasm, is willing, a hard worker, and presents a good, clean-cut personal appearance. During the inspection of the Baltimore Office, Mr. Kunkel was assigned to and performed creditably the examination of the Chief Clerk's Office and other administrative functions. He has presented a number of new ideas and suggestions and although he has had limited inspection experience, he has performed in an above-average manner.

SUGGESTION TO AVOID**

SUGGESTION #320-57

SUGGESTION:

That classifications 25, 26 and 100, which have cases numbered in six digits, be changed to permit a new series of case numbers to be used or that the case numbers start with Number 1 again, to avoid excessive writing and typing of lengthy file numbers by personnel.

CURRENT PRACTICE:

Bureau file numbers in the 25, 26 and 100 classifications currently are in the six digits and are time consuming when used in the many administrative operations of the Bureau.

ADVANTAGES:

Changing of the classifications to permit renumbering or the renumbering of new cases with Number 1 again would save clerical and stenographic time as well as reduce the possibility of error in the copying of lengthy file numbers. In addition, at any time in the future it would be immediately apparent to anyone reviewing cases, that a case in one of the enumerated classifications with six digits would have occurred prior the change-over date (index cards since 1950 show date when made).

Note: The regulations require that OUTSTANDING ratings be supported by a statement in writing setting forth IN DETAIL the performance IN EVERY ASPECT and the REASONS for considering each worthy of SPECIAL COMMENDATION. UNSATISFACTORY ratings must be supported by a statement in writing stating (1) WHEREIN the performance is unsatisfactory, (2) the facts of the (90 day) PRIOR WARNING, and (3) the efforts made AFTER THE WARNING TO HELP the employee bring his performance up to a satisfactory level.

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:
+ Outstanding (exceeding excellent and deserving of special commendation).
E Excellent.
✓ Satisfactory (good or very good).
- Unsatisfactory.
O No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

- "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
- "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - Any element rated "Unsatisfactory" must be supported by narrative comments.
 - An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

**LENGTHY FILE NUMBERS
SUGGESTION #320-57
SUBMITTED BY SA R. G. KUNKEL,
TRAINING AND INSPECTION DIVISION**

Suggester proposed that consideration be given to changing Bureau numbering system as it applies to certain classifications now having case numbers in 6 digits. One proposal was to assign new classification numbers and begin at case number one and alternate proposal was to use same classification number and begin again at case number one. In addition to the above suggestions, counter-proposal was made to use a sub number after the classification number (25-7-1).

The above suggestions plus numerous other proposals for changing the Bureau's numbering system have been given detailed study and analysis. Detailed results of the study are set forth in attached memorandum from Mr. L. E. Short to Mr. Nichols dated 1/22/57.

Records Branch has concluded from the detailed study, and Mr. Nichols concurs with Records Branch, that the proposed systems in some ways might offer a temporary relief to the problem of lengthy file numbers but when weighed against the many disadvantages which would be created, if suggested systems were adopted, would not warrant installing the new system. Records Branch strongly feels that none of the suggested numbering systems are as efficient and economical to operate as the present system and in the best interests of the Bureau present system should remain as is.

Training and Inspection Division has carefully reviewed the proposed systems of numbering and have weighed their merits against the disadvantages as have been set forth by the Records Branch. As the suggested numbering systems appear to only offer a temporary relief and in view of the numerous disadvantages noted by the Records Branch, Training and Inspection Division concurs with the Records Branch in its view that no change in the numbering system should be made at this time.

RECOMMENDATION: That the suggestion to change numbering system not be adopted.

LENGTHY FILE NUMBERS
SUGGESTION #320-57
SUBMITTED BY SA R. G. KUNKEL,
TRAINING AND INSPECTION DIVISION

SUGGESTION: SA R. G. Kunkel, Training and Inspection Division, suggested that classifications 25 (Selective Service Act), 26 (Interstate Transportation of Stolen Motor Vehicles), and 100 (Internal Security - C) which have case numbers in six digits, be changed to permit a new series of classification numbers to be used or that case numbers start with number 1 again to avoid excessive writing and typing of lengthy file numbers by personnel.

ADVANTAGES STATED IN SUGGESTION: Change of classification to permit renumbering of new cases starting with number 1 would save clerical and stenographic time as well as reduce the possibility of error in copying lengthy file numbers. In addition, at any time in the future it would be immediately apparent, to anyone reviewing cases, that a case in one of the enumerated classifications with six digits would have occurred prior to the change over date.

DISADVANTAGES STATED IN SUGGESTION: None.

By memorandum Eames to Nichols, dated 1/3/57, the Records Branch commented as follows regarding this suggestion:

CURRENT PRACTICE: New cases received at the Seat of Government in the following classifications are being assigned case numbers with 6 digits: 25-419026, 26-219165, 42 (Deserters) - 130176, 62 (Miscellaneous) - 103685, 100 - 425128, 116 (Atomic Energy Act - Applicant) - 429221. The number following the classification number was the case number which had been most recently assigned as of 1/3/57. No other classifications are anywhere near the 100,000 or 6 digit number.

OBSERVATIONS: Several similar suggestions have been received in the past concerning the revision of the Bureau's system of numbering files.

On 11/14/52 (66-3665-2276) SA [redacted] Los Angeles, suggested that a letter designation be utilized to supplement the file number in an effort to control the size of all file numbers. It was the Records Branch contention at that time that this suggestion would complicate rather than simplify the numbering system. On 12/23/52 (66-3665-2291) the Executive Conference considered this matter and unanimously recommended unfavorably.

On 9/15/53, (66-16263), SA [redacted] Memphis, suggested that the Bureau adopt a policy of starting a new series of classification numbers for files when the numbers reach 5 digits. The Executive Conference considered this suggestion on 10/15/53 (66-2554-10797) and recommended unfavorably as to adoption.

In regard to proposal that classifications 25, 26, and 100 be changed to permit renumbering, the Records Branch felt that this proposal was not feasible for the following reasons: (1) The next three available classifications would be 150, 151, and 152. Thus, on two of the classifications changed, we would be adding a digit to the classification number and as soon as the case numbers reach 10,000, the file number would contain the same number of digits as the current numbers contain. At the Seat of Government this would occur in a very short period of time. In addition, it was pointed out that the field office classification numbers would have to be changed to conform to the Bureau's numbers, thus substantially increasing the work in the majority of field offices in recording file numbers because of the additional digits which would be used. (2) Cases of same violations would be separated in file room and in abstracts. (3) Such a change would necessitate a substantial number of manual revisions and would tend to complicate instructions concerning these particular classifications, both at the Seat of Government and in the field.

In regard to the proposal that we stop using present file numbers and start renumbering with case number 1, the Records Branch felt that this proposal would create considerable confusion, additional work, and was not feasible for the following reasons: (1) It would cause duplicate files (for example, 2 files bearing the same number, 25-1), which would be confusing. (2) Would tend to increase errors in filing of mail, pulling of files, returning of files to cabinets, etc., because of the two files bearing the same numbers. (3) In handling telephone requests for files and file requests from search slips, would

Training and Inspection Division

necessitate considerable additional work in determining which file desired. (4) Would complicate such necessary and beneficial procedures as transfer of files, bi-monthly recharge of files, etc. (5) Would complicate the procedure of numbering the mail and would complicate our abstract system. (6) Would cause some confusion in the furnishing of Bureau file numbers to field offices and would lessen the benefits derived therefrom. (7) Would complicate the training program and would necessitate many manual revisions.

The Records Branch concluded that the suggestion should not be adopted. It was pointed out that we have given much thought and consideration to the problems created by the use of lengthy numbers, but to date have not been able to devise a numbering system better than the one presently used. We indicated that we would continue to be alert for any improvements which can be made in our numbering system.

CONSIDERATION BY EXECUTIVES CONFERENCE: ⁽¹⁻¹⁶⁻⁵⁷⁾ The Training and Inspection Division presented this matter to the Executives Conference and the following possible solution was advanced: That commencing at a specified time, we would discontinue using the file numbers presently being utilized in those classifications which are in the 6-digit category, add a subnumber to the classification number and begin renumbering new cases with file number 1 (for example, the next case in the 26 classification would receive the number 26-7-1, the next case 26-7-2, etc.). This numbering system would be continued until the file numbers reached the 6-digit category, at which time consideration would be given to changing the subnumber.

RECORDS BRANCH OBSERVATIONS REGARDING THIS PROPOSAL: Although several classifications are involved and the same observations would apply to each classification, for purposes of clarity, illustrations concerning this proposal and other systems considered in this memorandum will deal with the 26 classification.

The Records Branch has operated with a subsystem similar to the one proposed for many years. It has been our experience that such a system has tendency to increase the possibility of error, causes substantial difficulty in the

handling of file requests because of the problem in distinguishing whether the request is for a main file or a serial request and complicates the maintenance of these files. The Records Branch has been making efforts to substantially curtail the use of sub-files for the past several years.

At the present time, a new case in the 26 classification would receive a number similar to the following: 26-419386. Closer analyzation of this number reflects that it encompasses 9 typing strokes or 9 separate writing symbols. In considering the proposed numbering system, the first number would be 26-7-1, consisting of 6 typing strokes or writing symbols. Thus, it can be seen that as soon as the file number reached 10, we would have 7 typing strokes or writing symbols, when it reached 100 we would have 8 typing strokes or writing symbols, at 1,000 we would have 9 typing strokes or writing symbols (same as at present, using 6-digit number), at 10,000 we would have 10 typing strokes or writing symbols (one more than at present, and so on. In the 26 classification, 13,722 new cases were opened during the year 1956 or an average of 1,144 cases monthly. Thus, in analyzing the above figures, in less than a month, in the 26 classification our file numbers would encompass the same number of typing strokes or writing symbols as at present and in approximately 7 months would encompass one more typing stroke or writing symbol.

While at first glance, the above point may seem to be minor in nature, it is actually a major consideration from both the standpoint of the Records Branch and the field because of the large volume of mail handled in the bigger classifications and the additional employee time consumption which would be involved.

Statistics concerning the other classifications in point are set forth below:

CLASSIFICATION	CASES OPENED 1956	AVG. CASES OPENED PER MONTH	APPROX. TIME WHEN SAME # OF SYMBOLS (9) WOULD BE USED	APPROX. TIME WHEN MORE SYMBOLS (10) WOULD BE USED
25	9,638	803	1½ months	1 yr.
42	7,070	589	2 months	1½ yrs.
62	890	74	13 months	11 yrs.
100	3,564	297	3 months	3 yrs.
116	6,734	561	2 months	1½ yrs.

It is strongly felt that if a change is made in the numbering system at the Bureau, it should likewise be changed in the field offices to eliminate undue confusion. While the proposed system would offer some temporary relief, only from the standpoint of typing strokes and writing symbols, at the SOG, in the majority of the field offices it would actually involve more work because of the much smaller number of cases opened. As the above statistics reflect, we would, in short order, be performing substantial additional work in the recording of file numbers because of the additional typing strokes or writing symbols which would be utilized.

In further evaluation of this proposal, a number of other factors are pertinent: The use of a subsystem as set forth above results in some confusion in the pulling of files, inasmuch as it is difficult to determine whether the individual requesting the file, wants filed 26-7-1 or wants serial number 1 in file 26-7. This has been our experience with the subsystem presently utilized and has been one of the major factors in our efforts to substantially curtail the opening of new subfiles.

This same system complicates the filing of mail, pulling of files, returning of files, transferring of files, recharge of files, preparation of and filing of abstracts, and our training program.

The Records Branch feels that the above facts would more than nullify the temporary advantages which would be derived from this proposal.

OTHER NUMBERING SYSTEMS CONSIDERED BY THE RECORDS BRANCH: In an effort to improve our current numbering system, we have considered a number of other possible numbering systems. The systems considered and observations concerning each are set forth below:

(1) The use of file numbers in 3-digit groups separated by a comma or space (example, 26-406, 195). It was concluded that the benefits which might be derived from this system would not materially increase the efficiency of our present system sufficiently to offset the additional time involved, which would be necessitated by the additional typing stroke or symbol.

Memo Short to Nichols
RE: Lengthy File Numbers
Suggestion #320-57
Submitted by SA R. G. Kunkel,
Training and Inspection Division

1/22/57

- (2) The use of letter designations in place of classification numbers in classifications which have reached 6-digit category (example, A would be 25 classification, B, 26 classification, etc.). It is felt that such a system would be extremely confusing to employees and would substantially complicate the present system.
- (3) The discontinuance of classification system with each case received being given only a file number beginning with number 1. Classification breakdown deemed necessary because of name check program and other types of index requests where searches may be limited to subversive or criminal categories, for statistical purposes, and because it is much easier to operate a large filing system with such a breakdown.
- (4) Use of a combination lettering and numbering system similar to the system used by some states in issuance of license plates (example 26-AB1, etc.). Bureau files grow too rapidly to make such a system practical and would involve just as much work in recording numbers. Would be extremely confusing to employees and difficult to learn. Phonetic sounding of many letters similar and would require clarification.
- (5) Use of a color system. We would discontinue current file numbers and begin again with file number 1, utilizing color system to distinguish between files. Color system would have to be used also for index cards and abstracts and symbol of some sort or colored pencil would have to be used in preparation of search slips, etc. This system would be extremely difficult to work with and it is not deemed practical.
- (6) Use of a letter at the beginning of the classification number, thus enabling us to renumber files beginning with file number 1 (A26-1, A26-2, etc.). Of the systems considered, this one would probably be the easiest to place in effect and operate, the least confusing and would afford some temporary savings. However, here again, as soon as the file numbers reached 10,000, which would be in a relatively short period of time, we would again be in the 9 typing stroke or writing symbol category.

CONCLUSIONS:

The Records Branch feels that none of the above systems considered are as efficient and economical to operate as the present system and feels strongly that in the Bureau's

Memo Short to Nichols

best interests, the present system should remain as is. However, if the Bureau concludes that a change should be made, the Records Branch proposes that further consideration be given to system number 6 described above to determine its merits.

It is pointed out that the United States Treasury Department (Currency), the Social Security System, and the Armed Forces, which are undoubtedly three of the world's largest users of identification symbols, use numbers up to and including 9 digits plus spacing or dashes for identification purposes.

RECOMMENDATION:

That this memorandum be referred to the Training and Inspection Division for consideration. The Records Branch feels the present system most efficient to the Bureau; however, if it is concluded that a change should be made, the Records Branch proposes that further consideration be given to the system described under Item No. 6 above.

*I strongly feel we should
continue as is. It will be many,
many years before we reach the
7 digit (million) series and I
can't see that our problems
are too serious now.*

SUGGESTION:

Reference is made to memo from Kunkel to Whelan dated 12-21-56 wherein SA R. G. Kunkel, Training and Inspection Division, suggested that classifications 25 (Selective Service Act), 26 (Interstate Transportation of Stolen Motor Vehicles), and 100 (Internal Security - C) which have cases numbered in six digits, be changed to permit a new series of case numbers to be used or that the case numbers start with Number 1 again, to avoid excessive writing and typing of lengthy file numbers by personnel.

CURRENT PRACTICE:

At the present time, new cases received in the following classifications are being assigned case numbers with six digits: 25 (SSA) - 419026, 26 (ITSMV) - 219165, 42 (Deserters) - 130176, 62 (Miscellaneous) - 103685, 100 (IS - C) - 425128, 116 (Atomic Energy Act - Applicant) - 429221. The number following the classification number is the case number most recently assigned in each of these categories. No other classification at this time is anywhere near the 100,000 or six digit number.

ADVANTAGES STATED IN SUGGESTION:

Changing of the classifications to permit renumbering or the renumbering of new cases with Number 1 again would save clerical and stenographic time as well as reduce the possibility of error in the copying of lengthy file numbers. In addition, at any time in the future it would be immediately apparent to anyone reviewing cases, that a case in one of the enumerated classifications with six digits would have occurred prior to the change-over dates.

OBSERVATIONS:

Several similar suggestions have been received in the past concerning the revision of the Bureau's system of numbering files.

On 11-14-52 (66-3665-2276) SA [redacted] Los Angeles, suggested that a letter designation be utilized to supplement the file number in an effort to control the size of all file numbers. It was the Records Branch's contention that this suggestion would complicate rather than simplify the numbering system. On 12-23-52 (66-3665-2291) the Executive Conference considered this matter and unanimously recommended unfavorably.

On 9-15-53, (66-16263), SA [redacted] Memphis, suggested that the Bureau adopt a policy of starting a new series of numbers for files when the numbers reach five digits. The Executive Conference considered this suggestion on 10-15-53 (66-2554-10797) and recommended unfavorably as to adoption.

In regard to proposal in referenced suggestion that classifications 25, 26, and 100 be changed to permit renumbering, this proposal is not believed feasible for the following reasons: (1) The next three available classifications changed, we would be adding a digit to the classification number and as soon as the case numbers reached 10,000, the file number would contain the same number of digits as the current numbers contained. In addition, it is felt that the field office classification numbers would have to be changed to conform to the Bureau's numbers, thus substantially increasing the work in the majority of the field offices in recording file numbers, because of the additional digits which would be used. (2) Such a change would necessitate a substantial number of manual revisions and would tend to complicate instructions concerning these particular classifications both at the Seat of Government and in the field.

In regard to proposal that we stop using present file numbers and start renumbering with case Number 1, it is felt that this proposal would create considerable confusion, additional work, and is not feasible for the following reasons: (1) It would cause complicated files (for example two files bearing same number 25-1, etc.) which would be confusing. (2) Would tend to increase errors in filing of mail, pulling of files, returning of files to cabinets, etc., because of two files bearing similar numbers. (3) In handling telephone requests for files and file requests from search slips, would necessitate considerable additional work

in determining which file desired. (4) Would complicate such necessary and beneficial procedures as transfer of files, bi-monthly recharge of files, etc. (5) Would complicate the procedure of numbering the mail and would complicate our abstract system in a manner similar to item 2 and 3 above. (6) Would cause some confusion in the furnishing of Bureau file numbers to field offices and would lessen the benefits derived therefrom. (7) Would complicate training program and necessitate many manual revisions both at the Seat of Government and in the field.

On the basis of the above facts, it does not appear that this suggestion should be adopted. The Records Branch realizes the problems created by the use of lengthy numbers, problems which of course increase as our records grow. We have devoted much thought and consideration to this problem over the years but to date have not been able to devise a numbering system better than the one presently used. We will continue to be alert for any improvements which can be made in this system.

RECOMMENDATION:

That this memorandum be referred to the Training and Inspection Division for appropriate action.

This memorandum is submitted to set forth information concerning Kunkel's performance while assigned as a supervisor in the Accounting and Fraud Section.

From the beginning of the rating period to 6/28/56, Kunkel supervised Court and Administrative Inquiry Matters in the Accounting and Fraud Section. From that date to 11/19/56, he was assigned supervisory duties on the Fraud and Bribery Desk. On 11/19/56, Kunkel reported to the Training and Inspection Division for assignment in connection with the inspection program.

While assigned to the Accounting and Fraud Section, Kunkel performed his supervisory duties in a highly satisfactory manner. He was a resourceful supervisor who handled the supervision of complicated and involved investigative matters in a most competent manner.

Kunkel was commended by letter dated 7/23/56, for his part in the high accomplishments secured in fraud and bribery matters during the 1956 fiscal year.

Kunkel has shown the ability to supervise the work of other employees effectively and has been recommended for advancement to the position of Assistant Special Agent in Charge.

RECOMMENDED ACTION:

This memorandum should be forwarded to the Training and Inspection Division for use in connection with the submission of the annual performance rating on Kunkel.

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

- Rate items as follows:
+ Outstanding (exceeding excellent and deserving of special commendation).
E Excellent.
✓ Satisfactory (good or very good).
- Unsatisfactory.
O No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

- "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
- "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - Any element rated "Unsatisfactory" must be supported by narrative comments.
 - An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

ROBERT G. KUNKEL
SPECIAL AGENT (A)
EOD July 11, 1949; GS-13, \$8,990
ANNUAL PERFORMANCE RATING

From the beginning of the rating period to 6/28/56, Mr. Kunkel supervised Court and Administrative Inquiry Matters in the Accounting and Fraud Section, Investigative Division. From that date to 11/19/56, Kunkel was assigned supervisory duties on the Fraud and Bribery Desk.

While assigned to the Accounting and Fraud Section, Kunkel performed his duties in a highly satisfactory manner, was resourceful, and handled the supervision of complicated investigative matters in a most competent manner.

He was commended by letter dated 7/23/56, for his part in the high accomplishments secured in fraud and bribery matters during the 1956 fiscal year.

By memorandum to Mr. Rosen dated 10/25/56, Special Agent Kunkel was listed as an approved Administrative Firearms Instructor, having been given this training at Quantico, Virginia.

Special Agent Kunkel reported for duty in the Inspection Section, Training and Inspection Division, on November 19, 1956. He has assisted in the inspections of the Baltimore, New York, Louisville, and Atlanta Divisions and has been assigned to miscellaneous projects and surveys at the Seat of Government.

Special Agent Kunkel presents a very good, clean-cut personal appearance; he is intelligent, aggressive, and has an abundance of enthusiasm. He has readily adapted himself to inspection procedures and has performed effectively as Number One Man on inspection assignments. He has demonstrated ability to supervise and afford guidance to personnel. His assignments evidence a broad knowledge of Bureau policies and procedures. His assignments have primarily concerned examinations of the Chief Clerk's Office and other administrative functions. He has performed creditably, demonstrated a constructive, objective approach, and presented a number of worthwhile ideas and suggestions in connection with his inspection assignments. His progress has been rapid and there is every indication he will continue to improve.

INSPECTORS' AIDES
TRAINING & INSPECTION DIVISION;
Rating of

Because of the fact that annual efficiency ratings are due on investigative employees, it was thought it would be appropriate to submit a rating at this time from the standpoint of this division with regard to the permanent inspectors' aides presently assigned. For your information, I would rate these men in the following order as of now:

1. Eldon C. Williams
2. [REDACTED]
3. [REDACTED]
4. [REDACTED]
5. Robert G. Kunkel

b6
b7C

There are five additional men presently assigned; namely,

[REDACTED] and [REDACTED] They have approximately equal ability as a group and it would be difficult to separate these five men as of now or to rate them with the top five.

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur. The following person is designated as my beneficiary for FBI Agents' Insurance Fund:

Name [redacted] Relationship wife Date 5/13/57
Address same as insured

The following person is designated as my beneficiary under the Chas. S. Ross Fund providing \$1500 death benefit to beneficiary of agents killed in the line of duty.

NARRATIVE COMMENTS

Note: The regulations require that OUTSTANDING ratings be supported by a statement in writing setting forth IN DETAIL the performance IN EVERY ASPECT and the REASONS for considering each worthy of SPECIAL COMMENDATION. UNSATISFACTORY ratings must be supported by a statement in writing stating (1) WHEREIN the performance is unsatisfactory, (2) the facts of the (90 day) PRIOR WARNING, and (3) the efforts made AFTER THE WARNING TO HELP the employee bring his performance up to a satisfactory level.

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee ROBERT G. KUNKEL Title SPECIAL AGENTRating Period: from 4/1/57 to 8/23/57

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

Rate items as follows:

- + Outstanding (exceeding excellent and deserving of special commendation).
E Excellent.
✓ Satisfactory (good or very good).
- Unsatisfactory.
O No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

- "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
- "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - Any element rated "Unsatisfactory" must be supported by narrative comments.
 - An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

TRANSFER PERFORMANCE RATING

This performance rating is submitted inasmuch as Kunkel has been designated as the Assistant Legal Attache at Tokyo, and in view of his transfer to the Domestic Intelligence Division.

Kunkel makes an excellent personal appearance. (He has a great amount of enthusiasm, energy and willingness. He is a hard worker; he plans his work well and is able to give the necessary attention to pertinent details.)

Kunkel is aggressive. He has acted as Number One Man on several inspections; he is familiar with administrative and investigative-type operations, is resourceful and his paper work has been satisfactory.

(He is interested in administrative advancement) likes his new assignment, and should improve with additional experience. He is considered capable of satisfactorily performing in the capacity of Assistant Legal Attache, or Assistant Special Agent in Charge.)

PROPOSED ASSIGNMENT TO TOKYO

Special Agent Kunkel is being considered for assignment to Tokyo as Assistant Legal Attache to replace Special Agent Arthur J. Norstrom who is under transfer to the domestic field. Special Agent Kunkel does not list an office of preference at the present time; however, he has often expressed an interest in assignment to Tokyo, and as a matter of fact, we considered him for this assignment at the same time we recommended Norstrom. Special Agent Kunkel is presently on temporary assignment to the Training and Inspection Division assisting on surveys and inspections. He is considered at this time capable of assuming the position of ASAC and is fully available for any assignment. His name appears first on the ASAC Advancement List.

Mr. Kunkel entered on duty June 29, 1942, in a clerical capacity and was on military leave from March 30, 1943, to March 8, 1946. He was appointed Special Agent (Accountant) July 11, 1949, and is presently in Grade GS-13, \$9205 per annum; 33 years of age; married and has one child. He has a Bachelor of Commercial Science Degree and his over-all service record is far above average. He served in the Director's Office prior to becoming a Special Agent.

RECORDED-141

67-334343-150

Special Agent Kunkel has a particularly good background qualifying him for assignment to Tokyo. He has had experience in criminal, accounting and security investigations. He served as a supervisor in the Investigative Division from February 20, 1955, until he reported to the Training and Inspection Division on November 19, 1956. He was assigned to Honolulu for four and one-half years and the majority of his experience in Honolulu was in the security field. He was particularly successful in his investigations and was considered outstanding by his various SACs in the development of security informants. He has been commended by his SAC in the past for the manner in which he handled special liaison duties with representatives of Oriental countries passing through Honolulu from time to time. He is considered aggressive, thorough, quick thinking and has proven to be very successful in contact work of all kinds.

Re: Robert George Kunkel
Re: Proposed Assignment to Tokyo

The Director last saw Mr. Kunkel on November 16, 1954, and stated he was above average both in enthusiasm and appearance and the Director thought he should be kept in mind for further advancement.

RECOMMENDATION:

I recommend that Special Agent Kunkel be designated Assistant Legal Attache at Tokyo as he appears to be the best qualified Special Agent for this assignment at this time.

I agree. He is a
good man.

SUBJECT: SA ROBERT G. KUNKEL
ADMINISTRATIVE

Special Agent Kunkel has been assigned to the Liaison Section, effective this date, for orientation and briefing prior to departing for Tokyo, Japan, as Assistant Legal Attache. It is expected that he will depart San Francisco for Japan by ship on 10/5/57.

Arrangements are being made for him to obtain a diplomatic passport for himself and for Mrs. Kunkel and to take the necessary inoculations at the Public Health Service.

It is contemplated that AFSAM 7 coding machines will be sent to the Tokyo Office in the immediate future. Since no one now assigned to Tokyo has been trained in the use of that machine, arrangements have been made with the Laboratory Division for Mr. Kunkel to take 2 weeks training in the handling and repair of the AFSAM 7 machine, beginning 8/26/57.

During the time that he is at the Seat of Government, he will seek appointments to confer with the Director, other Bureau officials and supervisors handling the work covered by our Tokyo Office. He will at the same time review the necessary administrative and case files in order to enable him to be fully aware of the operations of the Tokyo Office prior to his departure.

The San Francisco Office is endeavoring to secure reservations for Kunkel to depart on the SS "President Wilson" on 10/5/57. Arrangements will likewise be made for him to ship his household goods to Japan.

SUBJECT: ROBERT G. KUNKEL
ASSISTANT LEGAL ATTACHE
TOKYO, JAPAN
INDOCTRINATION INTERVIEW

Agent Kunkel has been designated as the Assistant Legal Attache in Tokyo, Japan. He has been receiving indoctrination discussions and briefings by various Bureau officials and supervisors. He has received all necessary training for his new assignment and is scheduled to depart for Tokyo on October 5, 1957, from San Francisco, California. He will arrive at his new post of assignment on or about October 21, 1957.

On September 25, 1957, I discussed in considerable detail with Agent Kunkel the Bureau's Legal Attache system and specifically the Bureau's office in Tokyo. I went over with Mr. Kunkel the aims and purposes of our operation in Tokyo and adjacent areas covered on road trips. I explained to Mr. Kunkel, and he thoroughly understands, that by operating an office in the Far East the Bureau is not taking on any responsibilities in the foreign intelligence field but that we are merely handling our own work in that area as a necessary extension to handling our domestic responsibilities both criminal and security. The administration of the Tokyo office was gone over with Mr. Kunkel in its entirety. Matters pertaining to personnel, production of the office, errors, delinquencies and delays as well as protecting the Bureau's interest in the Far East were thoroughly discussed with him and he understands the need for thorough handling and alertness to maintain the success of the Tokyo office.

RECORDED - 141

67-334343-158

As Assistant Legal Attache it was pointed out to Mr. Kunkel that in the Legal Attache's absence, it would be his responsibility to conduct the affairs of the office and see that all matters of interest are properly reported to the Bureau or handled locally. Security of our operations both inside and out of the embassy was gone over with him. Agent Kunkel was told and he understands the reason why he and the Legal Attache must continually examine, re-evaluate and where necessary make recommendations for changes in the policies, practices and procedures utilized in the Tokyo office. He understands that at no time should the operation become

static; that high production must be maintained; that the office be constantly alert to the utilization of new sources and make certain that the full potential of the office is reached.

(Agent Kunkel states that he is very much pleased with his current assignment and could assure the Bureau that his best efforts would be expended in carrying out his new duties. Agent Kunkel gives the impression of being intelligent, sincere and alert to his new responsibilities. If he properly applies himself, he should do a very good job.)

ACTION:

The above is submitted for information and for record purposes. A letter of confirmation is not being directed to the Tokyo office on this discussion as the subject matters discussed have already been made a matter of correspondence with the Legal Attache.

ADDENDUM: J. A. Sizoo - 9-27-57

I also talked with Kunkel and went over with him what his responsibilities were and what was expected of him as Assistant Legal Attache at Tokyo. I think he understands fully. He gives evidence of being greatly interested and enthusiastic over his new assignment and has indicated he will put forth every effort to do a good job. He makes a favorable impression and seems to be intelligent and alert. He has a friendly type of personality and should be able to function effectively in this assignment.)

MEMORANDUM FOR MR. TOLSON

On Tuesday, September 10, 1957, I saw Special Agent Supervisor Robert G. Kunkel, of the Investigative Division, who has been designated as Assistant Legal Attache at Tokyo, Japan.

I told Mr. Kunkel it was imperative that our representatives abroad be most meticulous in both their personal and official conduct. I mentioned briefly the fact that Mr. Kunkel's predecessor at Tokyo had not been successful in handling his duties and that he, Mr. Kunkel, should endeavor to carry on and work with the Legal Attache in the best interests of the Bureau.

NARRATIVE COMMENTS

Note: The regulations require that OUTSTANDING ratings be supported by a statement in writing setting forth IN DETAIL the performance IN EVERY ASPECT and the REASONS for considering each worthy of SPECIAL COMMENDATION. UNSATISFACTORY ratings must be supported by a statement in writing stating (1) WHEREIN the performance is unsatisfactory, (2) the facts of the (90 day) PRIOR WARNING, and (3) the efforts made AFTER THE WARNING TO HELP the employee bring his performance up to a satisfactory level.

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee ROBERT G. KUNKELTitle Asst. Legal AttacheRating Period: from 10/21 to 12/20/57

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

Rate items as follows:

- + Outstanding (exceeding excellent and deserving of special commendation).
E Excellent.
✓ Satisfactory (good or very good).
- Unsatisfactory.
O No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

- "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
- "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - Any element rated "Unsatisfactory" must be supported by narrative comments.
 - An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

60-DAY PERFORMANCE RATING

SA Kunkel has acted as Assistant Legal Attache since his arrival in Tokyo, October 21, 1957. For a two-week period during absence of the Legal Attache on a roadtrip, he was in complete charge of the office.

Kunkel has shown outstanding enthusiasm, industry and application. He has made many worthwhile, constructive suggestions concerning the work of this office.

He has made an unusually good impression on contacts of this office, both Japanese and American. He has already done some good work in further developing our sources.

SA Kunkel has quickly and readily adapted himself to the new working and living conditions of a foreign assignment, and has contributed a large volume of highly satisfactory work.

By memorandum 12-20-57 the Legal Attache at Tokyo submitted a 60-day performance rating report on SA Kunkel and recommended his reallocation to GS-14. Kunkel has acted as Assistant Legal Attache at Tokyo since 10-21-57. Legal Attache states he has shown outstanding enthusiasm, industry, and has made unusually good impression on contacts of the Tokyo Office. He has readily adapted himself to new working and living conditions and contributed large volume of highly satisfactory work.

SA Kunkel has had an above average Bureau record. On 9-10-57 the Director saw SA Kunkel but made no comment concerning his personal qualifications.

Assistant Legal Attaches are normally allocated in grade GS-14. However, since SA Kunkel has only been assigned to Tokyo since 10-21-57, it is felt that he should be passed over at this time for reallocation and be considered after the receipt of his 1958 annual performance rating, at such time as he has served six months in Tokyo.

SUBJECT: TOKYO OFFICE ADMINISTRATIVE

DATE: 1/29/58

ReBulet 12/26/57, captioned "Investigations in Hong Kong, B.C.C. and Manila, P.I." which instructed that the Bureau be advised of progress of SA Kunkel in meeting office contacts in Japan and in studying the Japanese language.

Robert E. O.
To date, SA Kunkel has met 38 Japanese and 55 American contacts of this office in the Tokyo area. Japanese contacts include those in the Ministry of Justice, Procurator's Office, National Police Agency, Cabinet Research Chamber, Public Security Investigation Agency, and Metropolitan Police Department. American contacts include all the military and civilian investigative and intelligence agencies as well as contacts in the Tokyo Embassy.

As opportunities can be made, SA Kunkel will meet all contacts of this office in the Tokyo area, and during 1958 a short visit to the Kansai area of Japan (Kobe-Osaka-Kyoto-Nagoya) which is the second most important area in Japan, will be arranged in order to meet contacts there.

SA Kunkel has started the basic course in the Japanese language offered by the Embassy. He has already completed successfully the first three in the series of twelve lessons.

NARRATIVE COMMENTS

Note: The regulations require that OUTSTANDING ratings be supported by a statement in writing setting forth IN DETAIL the performance IN EVERY ASPECT and the REASONS for considering each worthy of SPECIAL COMMENDATION. UNSATISFACTORY ratings must be supported by a statement in writing stating (1) WHEREIN the performance is unsatisfactory, (2) the facts of the (90 day) PRIOR WARNING, and (3) the efforts made AFTER THE WARNING TO HELP the employee bring his performance up to a satisfactory level.

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee ROBERT G. KUNKELTitle Asst. Legal AttacheRating Period: from 4/1/57 to 3/31/58

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

- Rate items as follows:
- + Outstanding (exceeding excellent and deserving of special commendation).
 - E Excellent.
 - ✓ Satisfactory (good or very good).
 - Unsatisfactory.
 - O No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

- "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
- "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - Any element rated "Unsatisfactory" must be supported by narrative comments.
 - An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

ROBERT G. KUNKEL
ASSISTANT LEGAL ATTACHE
TOKYO, JAPAN
ANNUAL PERFORMANCE RATING

PART I GENERAL COMMENTS

SA KUNKEL makes an excellent personal appearance and has a friendly, exuberant personality. KUNKEL is energetic, aggressive, enthusiastic, and imaginative in handling his assignments. He willingly handles a heavy volume of work with very little supervision. There are no limitations on his availability, or physical limitations affecting his performance. He is qualified to participate in raids and dangerous assignments, and to handle complicated investigative matters.

KUNKEL has acted effectively in complete charge of the Tokyo Office on two occasions of over one week during absence of Legat. He has made an excellent impression on contacts of this office, both American and foreign. DON WHITEHEAD, author of "The FBI Story", during a visit to Tokyo commented most favorably on courtesies extended him by SA KUNKEL.

KUNKEL is extremely loyal and interested in the work of the Bureau. He has shown much initiative and resourcefulness in making constructive suggestions regarding work of the Tokyo Office.

PART II SPECIFIC COMMENTS

1. Justification of any Minus Ratings Given

Not applicable.

2. Experience and Ability as an Inspector's Aide

KUNKEL is qualified as an Inspector's Aide. Prior to his transfer to Tokyo he was assigned to the Training and Inspection Division, during which time he acted as Number One Man on several inspections.

3. Participation in Informant Programs

While informants as such are not utilized by the Tokyo Office, KUNKEL has contributed enthusiastically and effectively to development of productive contacts and sources of information in both American and Japanese agencies.

4. Testifying Experience and Ability

KUNKEL has not had an opportunity to testify during the past year. However, he has in the past had varied experience in testifying in Bureau cases.

5. Disciplinary Action

Not applicable.

6. Accounting Information

KUNKEL is a fully qualified accountant.

7. Police Instruction

Not applicable.

8. Sound Training

Not applicable.

9. Resident Agents

Not applicable.

10. Foreign Language Ability

KUNKEL is now studying the Japanese language. He has achieved sufficient proficiency to make the required exchanges of courtesies and greetings.

11. Current Suitability for Administrative Advancement

KUNKEL is interested in and available for administrative advancement. He is familiar with administrative and investigative-type operations. He is capable of satisfactorily performing in the capacity of Assistant Legal Attache or Assistant Special Agent in Charge.

Dear Don:

Many thanks for your very thoughtful note of March 27, 1958, concerning your visit in Tokyo. I was indeed pleased to receive your fine comments regarding Messrs. Harold L. Child and Robert G. Kunkel and know that they considered it a real privilege to be of service.

Thanks also for your message of congratulations on my forthcoming anniversary as Director of our Bureau.

Your many friends here join with me in hoping that Mrs. Whitehead and you fully enjoy your world trip. We want you to know it is a great pleasure for us to be of assistance in any way possible.

Dear Mr. Hoover:

I just wanted to take time out to say the Bureau is represented by two exceptionally fine men in Tokyo--
[redacted] and Robert Kunkel.

It has been a privilege to know them and their attractive families. And if we were as well represented in every department abroad, then all of us would have less to worry about in our foreign service.

They took me in tow when I arrived and doors opened whenever I wanted to see anyone. The Japanese chief of police in Tokyo was most cordial and his chief crime investigator took time out to give me the details of a fascinating case--and just the material for which I was looking. Also they were much interested in you and in the FBI. Chief Kawai was flabbergasted that you had been Director of the FBI for 34 years--and, by the way, let me congratulate you now on that upcoming anniversary.

As you know, The FBI Story will be published soon in a Japanese language edition and they are expecting it to do well in Japan, because the Bureau's reputation is high there.

Again thanks for the Bureau's help. And Mrs. Whiteheads joins me in wishing you the best.

Sincerely,
/s/ Don

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur. The following person is designated as my beneficiary for FBI Agents' Insurance Fund:

Dear General:

Your letter of August 21, 1958, has been received, and I want you to know how much I appreciate your thoughtfulness in writing.

It always is most encouraging to receive a letter such as yours and to know that my associates have the respect of those with whom they deal. I am sure they have enjoyed working with you and members of your staff and that they are grateful, as I am, for the excellent relations which have existed between your Division and this Bureau. You may be certain Mr. Harold L. Child, Jr., and Mr. Robert G. Kunkel will appreciate as much as I do your generous remarks.

I assure you of our desire to continue cooperating with you and hope you will not hesitate to let us know whenever we can be of any service.

21 August 1958

Honorable J. Edgar Hoover
Director, Federal Bureau of Investigation

Dear Mr. Hoover:

In connection with the gradual movement of the counterintelligence staff element of this headquarters from Japan to Hawaii, I wish to express my appreciation for the fine support which your representatives, Mr. Harold B. Child and Mr. Robert G. Kunkle, have given to the Army Command in Japan and in particular to the Security (Counterintelligence) Division, Intelligence Support Center, Japan.

When Mr. Child initially established liaison with the Army Command in Japan more than three years ago he made clear his desire to be of assistance in any way possible. Thereafter, his close cooperation and excellent support have contributed greatly to Army security. Mr. Kunkle, during his assignment in Japan for the past year, has shown the same cooperative spirit. Mr. Child and Mr. Kunkle, in their coordination with my staff, have demonstrated outstanding professional competence and have won the respect and complete confidence of all personnel. On numerous occasions, prompt, effective actions taken by them have been of major importance to the successful discharge of Army security responsibilities. When Army security interests in Japan overlapped into areas under the jurisdiction of your offices in the United States, my staff could turn to Mr. Child and Mr. Kunkle for support with full confidence that initial action would be taken immediately and that there would be a thorough, painstaking follow-up on each detail. When rapid, on-the-spot coordination in Japan was needed, they made themselves available immediately, regardless of the day or the hour.

I feel that Mr. Child and Mr. Kunkle, through attitude and performance, have provided an outstanding example of the inter-agency cooperation on which success in the security field is heavily dependent.

At the same time, they reflect great credit on the high standards of the agency which they serve. I look forward to continued and beneficial cooperation between your representatives in Japan and those elements of my staff which remain in that area.

Sincerely yours,

BUREAU CODES - TOKYO

ReBulet 7/15/58 and urlet 7/30/58 concerning coding violation committed by SA ROBERT G. KUNKEL.

SA KUNKEL received intensive AFSAM 7 training at Seat of Government and should have been acutely aware of need for proper use. It is also pointed out that AFSAM 7 Manual of Operation and Routine Maintenance has been available in your office since June 3 last, affording ample opportunity for review prior to date of the infraction. It would appear that this situation involved carelessness on the part of Mr. KUNKEL. The Bureau will not countenance further AFSAM 7 security violations.

With regard to proposal for separating "Indicator Rotor Alignment" and "Date Group" columns, you will find if you examine the key lists for September, October and November, 1958, that "Indicator Rotor Alignment" and "Date Group" are widely separated.

FBI Agents Harold Lincoln Child, Jr. and
Robert G. Kunkel

Recently [redacted] of the Veterans Affairs Section of the Civil Division was in the Far East in connection with a number of suits now pending in the Philippines and in Japan. During his time in Tokyo he had the opportunity of meeting your Mr. Harold Lincoln Child, Jr., and Mr. Robert G. Kunkel, who are attached to the American Embassy there. [redacted] has passed on to me and I wish to pass on to you the expression of his appreciation for the help and courtesy which Messrs. Child and Kunkel extended to him. He was quite impressed by the apparent efficiency of their office as contrasted with many other units in the area.

Dear Miss Knight:

Mr. Robert G. Kunkel, who is assigned as Assistant Legal Attache to the American Embassy at Tokyo, Japan, was in Washington, D. C., for conferences on October 6 and 7, 1958. Arrangements were made through your office to have his Diplomatic Passport Number 12657 stamped "seen" on October 7, 1958. Mr. Kunkel is now en route back to his post of assignment in Japan.

Your assistance in this and similar matters is indeed appreciated.

Agent Robert G. Kunkle, the Assistant Legal Attache, Tokyo, reported to the Bureau on October 6, 1958, for 2-day conferences. He had been in the United States on emergency annual leave due to the death of his father. He was scheduled to return to his post of assignment on or about October 10, 1958.

While at the Seat of Government, I went over the details of the operations of the Tokyo Office with Mr. Kunkle. I pointed out to him that the Bureau was disappointed in the production of that office, particularly since the assignment of the second man. Mr. Kunkle attempted to explain this by stating that the office had cleared out a lot of so-called "dead wood" cases in the office and was concentrating on those matters that had a specific Bureau case angle. He stated further that while a one-man office, it was necessary that they send in material as received from sources and contacts but that when the second man was assigned they attempted to correlate the information and send in only that which is pertinent to a given case. He considered this the reason for the lack of a big increase in the caseload in Tokyo. I told Mr. Kunkle that this may be true but that it would appear that the office could be more productive and it was up to he and the Legal Attache to see that it was producing and that during the next inspection we would ask the inspector to check into the productivity of that office.

Other matters pertaining to the Tokyo Office were gone over with Kunkle and he understands the necessity for the office to be fully productive at all times. He was also advised of the need for strict economy in their operation. Matters concerning practices and procedures now being utilized by the Tokyo Office were discussed with Mr. Kunkle. He understands the necessity for constant review of the offices operations to make certain that we are developing the full potential of our office and that its operation is current and up to-date at all times.

MEMO TO: MR. BELMONT
RE: ROBERT G. KUNKLE

Matters pertaining to errors, delinquencies and delays were also gone over with him.

In response to my inquiry, Mr. Kunkle stated he is well pleased with his present assignment and was hopeful he could remain in Tokyo as long as his work warranted. From my discussion with Mr. Kunkle, he appears to be very interested and willing to do a good job. Based on his past performance there appears to be no reason to recommend his removal at this time.

ACTION:

The above is submitted for information and record purposes. Matters discussed with Mr. Kunkle are not being confirmed in writing as these matters have previously been dispatched to the Tokyo Office.

ADDENDUM:

October 13, 1958

I strongly stressed the need for gathering & advising Bureau of intelligence in addition to handling cases

You and I also both interviewed Kunkle while he was in Washington and discussed with him the work and responsibilities of the Tokyo Office. Kunkle registers considerable enthusiasm for his work, seems to be interested in and happy in his assignment and said he is anxious to do the best job possible for the Bureau. I would say his status is satisfactory at this time.

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur. The following person is designated as my beneficiary for FBI Agents' Insurance Fund:

Name [REDACTED] Relationship Wife Date 10/14/58

SUBJECT: ROBERT G. KUNKEL
 Special Agent, Tokyo, Japan
 EOD as Agent 7-11-49
 GS 14 - \$11,355
 Veteran, Not in Reserve
 Not on Probation

By letter of December 9, 1958, SA Kunkel stated he had occasion to take annual leave to assist his mother following the sudden death of his father while he was in the States in October, 1958. SA Kunkel was on annual leave at his parents' home in Indiana following his father's death on September 21, 1958, prior to reporting to the Seat of Government for conference on October 6 and 7, 1958.

SA Kunkel states that he had a travel insurance policy to provide transportation from Tokyo to his home and return in the event of a serious illness or death of his father. He states that since his official trip to Washington for conference occurred at a most opportune time, he would like to contribute the \$1,000 proceeds of the insurance policy as a partial reimbursement to the Bureau for the travel expense incurred which he would otherwise have had to defray.

Since SA Kunkel's travel from Tokyo to Washington and return was for official reasons, namely, the participation in conferences which are periodically scheduled for agents assigned to our foreign offices, the travel was at Government expense and the Bureau cannot accept the thousand dollar check which SA Kunkel enclosed. His offer certainly indicates a splendid attitude on his part but this money would in effect constitute a gift which the Bureau cannot legally accept.

The Legal Attache in Tokyo is Harold L. Child, Jr., who entered on duty as an Agent 9/16/43. He was assigned to Tokyo as Legal Attache November 19, 1954, having opened the office. Child took home leave in the United States between December 17, 1956, and January 17, 1957, following his first two-year tour of duty. His second two-year tour of duty will therefore be completed in January of 1959 and he will also have completed four years' service abroad. There is therefore a question of rotation with regard to Child.

The second Agent assigned in Tokyo is Robert G. Kunkel, who entered on duty as an Agent July 11, 1949, having previously served in a clerical capacity with the Bureau. SA Kunkel has been assigned to Tokyo since 10/21/57. Kunkel has Seat of Government experience as a supervisor.

The last inspection of the office was July 20, August 2, 1957, and was occasioned by a complaint from SA Arthur J. Norstrom who at that time was second man in the office. Norstrom made charges against Child's administration of the office. During this inspection the office was rated as follows: physical condition and maintenance and investigative operations - very good; administrative operations - fair; personnel matters - unsatisfactory; contacts - excellent. The inspection failed to materially substantiate the allegations made by Norstrom, and Norstrom was transferred to the domestic field. The inspector commented with regard to Child that he was smart, hard working, tenacious and adaptable. He and his wife were well adjusted to the hardships of life in Japan. He had demonstrated an excellent knowledge and understanding of Bureau investigative and intelligence interests and had done an outstanding job in developing sources in Hong Kong and with Japanese police and security services, as well as with American agencies.

Child was at the Seat of Government for conferences March 10 and 11, 1958, at which time he made an excellent personal appearance

and seemed to have a full grasp of his responsibilities in Tokyo. The Director rated him above average. He appeared alert, progressive, and constantly searching for new ideas, procedures and practices. During the three-month period just passed, August, September and October, the office opened 131 new cases, of which 99 were opened on information developed locally and 32 were opened on leads referred by the Bureau. This represented a 10% increase over the number of cases opened for the previous 3-month period. During the last 3 months 132 cases were closed as compared with 134 cases closed during the previous 3-month period. This represents a decrease of $1\frac{1}{2}\%$. The pending case load as of the close of July was 124 and as of the close of October 123. The number of cases closed per Agent per month averaged 21 for the past 3 months and was substantially that for the previous 3 months. By way of comparison, the average cases closed per Agent per month for all foreign offices for July were 23.7, August - 17.3, and September - 22.2. Thus, the Tokyo office might be considered about average. There is, however, a great diversity in the situations confronting our foreign offices which materially affects the amount of work which can be handled per Agent per month and which must be taken into consideration in considering the relative productivity of an office. The Tokyo Office is in no way operational, handling all matters on a strictly liaison basis with other U. S. and foreign agencies. It should, therefore, be more nearly comparable with the Bureau's European offices than with the Latin American offices. The five European offices for a 3-month period, September, August and July, averaged closing 30.6 cases per Agent. Thus, the Tokyo office is significantly below the European average in the amount of work completed per Agent per month on a purely statistical basis.

The Tokyo Office was opened 11/19/54 by Child. A second man, Norstrom, previously mentioned, arrived in Tokyo on assignment 10/24/56 and was replaced by Kunkel on 10/21/57. By letter dated 8/13/58 the attention of the Tokyo Office was drawn to the fact that although the office had been increased from a one-man to a two-man office, there had not been a corresponding increase in the number of cases handled and closed per month. The number of cases closed per month per Agent had actually declined and the case delinquency had increased. Comments were requested. By letter 8/20/58 the Legal Attache pointed out that when the office was a one-man office material was not submitted in form suitable for dissemination and there was insufficient time then to review and analyze material prior to its submission. Since the assignment of a second man, increased emphasis has been placed on quality rather than quantity. The high overtime of the office was cited, and statistics do show that the overtime of both Agents of the office is consistently above both the foreign office average and the domestic field average. Child for the 3-month period July through October

averaged 4 hours and 21 minutes a day and Kunkel averaged 4 hours and 16 minutes a day. Child assured that attention would be afforded to keep the delinquency at a minimum and that a maximum volume of cases are handled.

The Tokyo Office is strategically located in the center of United States operations and interests in the Far East. Due to the tense situation between the United States and Communist China, this entire area is a focal point at the present time. Hong Kong, covered by the Tokyo Office, is the principal gateway between Communist China and the Western world with heavy traffic both in merchandise and people. Communist interest and influence in the entire Far East are very strong. The experience of the Bureau has given clear indication that Communist Chinese espionage and other subversive activities are extremely difficult to cope with, the inscrutable mentality of the Oriental being in no small way responsible for this. It is expected that the Tokyo Office, in view of the flow of refugees from Communist China and exchange between the Orient generally and the United States, should fill a vital need in assisting the Bureau to meet its full responsibilities in the internal security field, not only on individual cases but in filling in the over-all intelligence picture in the Orient. Such general intelligence is believed essential if the Bureau is to adequately anticipate moves in the international field directly affecting developments within the internal security realm of the Bureau. In this connection it should be noted that the Tokyo Office has been able in the recent past to furnish reliable advance information regarding Chinese Communist moves in the Far East, particularly in the Quemoy-Matsu area and in Korea.

In view of the importance of the area and the problems peculiar to operations there, it is desirable that the Bureau take full advantage of personnel experienced in this field of operation. Due to its remoteness from on-the-spot supervision, however, it is necessary that this personnel be carefully scrutinized at every opportunity to insure that they have not gone native and to insure that they have remained aloof and immune from the influence of State Department, CIA and other agencies with which they deal. The Tokyo Office is scheduled for inspection beginning approximately December 1.

RECOMMENDATIONS:

(1) That the inspector make a penetrative ^{on the spot} analysis of the relative productivity of the men in the office and of the office as a

ACCOMPLISHMENTS; ROTATION OF PERSONNEL;
INSPECTION

whole, considering problems peculiar to the area covered. Consideration should be given to the type of cases being covered, particularly whether they are cases of continuing interest which cannot be brought to logical conclusion and closed out such as many security-type cases, or whether the bulk of the work is of a nature where leads are covered and the matter closed or referred upon completion.

(2) That appropriate examinations be afforded both Agents to determine their ability to handle the Japanese language. In this connection it is believed basic that an Agent assigned to develop information in a foreign country should have certain minimum language qualifications. He should be able to scan newspapers and periodicals of the country for information of general and specific interest. He should be able to read and translate with facility typical intelligence reports, police reports, legal documents and similar material with which he should routinely come in contact. He should have sufficient command of the language to converse with officials and native contacts of the host country in their native tongue both on business matters and socially. It is recognized that academic training in the language sometimes is not sufficient and that personnel at the time of assignment may not be as proficient in the idiomatic tongue spoken as would be desirable. Personnel should lose no time, however, in fully qualifying themselves as soon as possible after arrival.

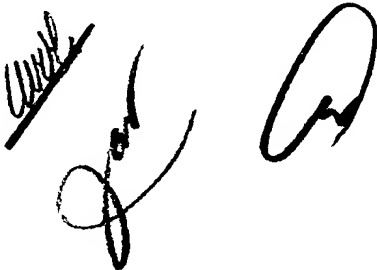

(3) It is recommended that Inspector closely check into the morale of the office, considering the situation which precipitated the last inspection and the rating given on personnel matters at that time.

ACCOMPLISHMENTS; ROTATION OF PERSONNEL;

(4) That the administrative operation of the office be checked into thoroughly also, in view of the rating on the last inspection report.

(5) That the inspector evaluate Legal Attache Child with a view to rotation unless it is clearly in the best interests of the Bureau to retain him in his present assignment.

(6) That the inspector evaluate SA Kunkel as a possible replacement for Child.

The block contains three handwritten marks. On the left, the name 'Kunkel' is written and then crossed out with a diagonal line. In the center, there are stylized initials, possibly 'Jal'. To the right of these initials is a large, circular, handwritten mark that resembles a capital 'A' or a signature.

Dear Mr. Hoover:

During my recent trip to Washington, D. C., when I had the privilege to confer with you and other Bureau officials, I had occasion to take annual leave to assist my mother during a period of stress occasioned by the sudden death of my father. You may recall my father died from a heart attack and my having an opportunity to return to my home at that time was a source of much encouragement to my mother.

In this connection, I am enclosing a personal check payable to the Assistant Director, Administrative Division, FBI, in the amount of \$1,000, which is the proceeds of a travel insurance policy I had taken upon my assignment abroad. The purpose of the insurance policy was to provide transportation from my office of assignment to my home and return in the event of a serious illness or death of my father. Since my official trip to Washington occurred at a most opportune time, I would like to contribute the proceeds of the insurance as a partial reimbursement to the Bureau for the travel expense incurred, which I would have had to pay had not my official trip occurred at such an opportune time.

Very truly yours,

Robert G. Kunkel

Dear Mr. Kunkel:

I have received your letter of December 9, 1958, in which you enclosed a check for \$1,000 payable to the Assistant Director of the Administrative Division.

Your offer to thus reimburse the Bureau for the expenses of travel from Tokyo and return is deeply appreciated; however, since the travel was performed for official reasons, it is not possible for the Bureau to accept your offer and the check is being returned to you herewith.

I know you will understand the reasons for our not being able to accept your very kind offer, which, I feel, shows a very real and deep concern for the Bureau's interests.

Sincerely yours,

NARRATIVE COMMENTS

Note: The regulations require that OUTSTANDING ratings be supported by a statement in writing setting forth IN DETAIL the performance IN EVERY ASPECT and the REASONS for considering each worthy of SPECIAL COMMENDATION.
UNSATISFACTORY ratings must be supported by a statement in writing stating (1) WHEREIN the performance is unsatisfactory, (2) the facts of the (90 day) PRIOR WARNING, and (3) the efforts made AFTER THE WARNING TO HELP the employee bring his performance up to a satisfactory level.

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

- Rate items as follows:
- + Outstanding (exceeding excellent and deserving of special commendation).
 - E Excellent.
 - ✓ Satisfactory (good or very good).
 - Unsatisfactory.
 - O No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

1. "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
2. "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - A. Any element rated "Unsatisfactory" must be supported by narrative comments.
 - B. An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

ROBERT G. KUNKEL
ASSISTANT LEGAL ATTACHE
TOKYO, JAPAN
ANNUAL PERFORMANCE RATING

PART I GENERAL COMMENTS

SA KUNKEL presents an excellent personal appearance. He is alert, friendly, exuberant and properly aggressive. He handles his assignments with confidence, interest and imagination. He clearly has above average intelligence, demonstrating the faculty of quickly identifying the essence of complicated problems. There are no limitations on his availability, or physical limitations affecting his performance. He is qualified to participate in raids and dangerous assignments, and to handle complicated investigative matters.

KUNKEL has done some outstanding contact work, particularly in inspiring the high degree of cooperation enjoyed with U. S. Army Command Reconnaissance Activity, Pacific, a positive-intelligence branch of G-2 in Japan, which is at present the most valued source of the Tokyo Office among American agencies in Japan. In demonstration of this accomplishment, Brigadier General P. H. DRAPER, JR., G-2, U. S. Army Pacific, wrote to the Bureau on 8/21/58, stating in part: "Mr. Kunkel has demonstrated outstanding professional competence and has won the respect and complete confidence of all personnel. On numerous occasions, prompt, effective actions taken by him have been of major importance to the successful discharge of Army security responsibilities." Again, on 8/21/58, General DRAPER wrote directly to SA KUNKEL, stating in part: "Your liaison with and support for the Army command have provided an outstanding example of the inter-agency cooperation on which success in the security field is heavily dependent. They reflect credit on yourself and on the agency which you serve."

Assistant Attorney General GEORGE COCHRAN DOUB wrote to the Bureau on 6/24/58, commenting on the very favorable impression SA KUNKEL made on a Departmental representative who had recently visited Japan. DON WHITEHEAD, author of "The FBI Story," wrote to the Bureau, conveying his impression of SA KUNKEL as an "exceptionally fine" man.

KUNKEL has been in complete charge of the Tokyo Office during several absences of Legat of two weeks or longer. He handled the office competently and effectively.

PART II SPECIFIC COMMENTS

1. Justification of any Minus Ratings Given

Not applicable.

2. Experience and Ability as an Inspector's Aide

Not applicable.

3. Participation in Informant Programs

While informants as such are not utilized by the Tokyo Office, KUNKEL has contributed enthusiastically and effectively to development of productive contacts and sources of information in both American and Japanese agencies.

4. Testifying Experience and Ability

KUNKEL has not had an opportunity to testify during the past year. However, he has in the past had varied experience in testifying in Bureau cases.

5. Disciplinary Action

Not applicable.

6. Accounting Information

KUNKEL is a fully qualified accountant.

7. Police Instruction

Not applicable.

8. Sound Training

Not applicable.

9. Resident Agents

Not applicable.

10. Foreign Language Ability

KUNKEL is continuing to study the Japanese language. While it has not been possible to pursue this study to the point of conversing in or reading Japanese, he knows sufficient expressions and phrases to assist in building cordial relations with Japanese contacts.

11. Administrative Advancement

In answer to specific questions required:

Is Agent (a) interested in (Yes ☒ No ☐) , (b) completely available for (Yes ☒ No ☐) , and (c) considered completely qualified at present for administrative advancement including experience, ability, personality, and appearance? (Yes ☒ No ☐) *ake*

SA KUNKEL definitely desires to advance in the Bureau. He is qualified for the positions of Assistant Legal Attache, Legal Attache, or Assistant Special Agent in Charge.

SUBJECT: INSPECTION - OFFICE OF LEGAL ATTACHE
 TOKYO, JAPAN
 INSPECTOR JAMES H. GALE
 DECEMBER 1 - 6, 1958

SUMMARY

OFFICIALS: Legal Attache (Legat) Harold L. Child, Jr., nonveteran, not on probation - Liaison Officer at Tokyo, Japan, since 11-19-54.
 Robert G. Kunkel, Assistant Liaison Officer, Tokyo, Japan, since 10-21-57, veteran, not on probation.
LAST INSPECTION: July 26 - August 2, 1957.

EVALUATIONS

(1) PHYSICAL CONDITION AND MAINTENANCE VERY GOOD

Legat's Office located on 4th floor, American Embassy Annex Building, Tokyo, Japan. Space consists of 3 rooms which are neat, clean, and well maintained. Large vault affords adequate security for Bureau records. Embassy guarded 24 hours a day by armed Marine. Window behind Legat's desk has approximately a 6' x 1' hole in the glass. Legat requested State Department to repair same in January, 1958. Inspector instructed Legat to follow this matter closely in order to have window repaired.

(2) INVESTIGATIVE OPERATIONS VERY GOOD

Case load as of 12-1-58 totaled 123 cases, equitably distributed between Legat and Assistant Legat. Delinquency as of 12-1-58, 3.28% which compares favorably with office delinquency for liaison offices of 4.6% (as of 11-1-58). No substantive errors detected in 94 pending and 19 closed files reviewed. Excellent over-all intelligence information has been obtained by Legat's concerning Russian and Chinese Communist subversive activities in Japan, Hong Kong, Philippines, and other areas in Far East. Quality information has also been obtained concerning security cases with stateside ramifications. Legats appear to be following cases closely, vigorously, and intelligently. No instances of undue delay or "slipshod" handling detected.

Memorandum to Mr. Tolson
Re: Inspection - Office of Legat, Tokyo

(3) ADMINISTRATIVE OPERATIONS VERY GOOD

5 form errors detected in 5 of 113 pending and closed files reviewed (4.42%) below field average. Stenographic production averaged 3.88 pages per hour (above field average). Tokyo Office closed average of 22 cases per agent for 3-month period August - October, 1958. Cases closed for five European liaison offices during comparable period averaged 35.2 cases per month. Tokyo has vast territory to cover by road trips. Hong Kong is 1850 miles from Tokyo; Manila, Philippines - 600 miles from Hong Kong. Tokyo Office also maintains 19 files on general intelligence activities which require considerable liaison efforts and are permanently maintained in pending status. Inspector feels that both agents are conscientiously and industriously applying themselves; however, need for increased productivity stressed. Inspector ordered removal of 1 unnecessary telephone instrument - annual saving \$30. During this survey, Legat determined his office is currently being charged by State Department for 8 telephone instruments, not 4. Bureau has not yet been actually billed for these charges; error rectified. Several minor administrative errors brought to the attention of Legat; however, over-all administration is tight and generally accurate.

(4) PERSONNEL MATTERS VERY GOOD

All personnel passed Inspector's examinations. Legat Child did very well in translating oral and written Japanese language tests. Assistant Legat not sufficiently conversant with Japanese language to take these tests. Personnel adequate but not excessive. Voluntary overtime for Legat and Assistant Legat averaged 4' 37" and 4' 30" daily, respectively, for past 6 months, (high). Last inspection was precipitated by certain charges against Legat made by SA Harold J. Nordstrom who was thereafter removed as Assistant Legat. During current inspection, morale appeared very high. All employees were apparently congenial toward one another and operating as a team. No evidence of friction detected.

(5) CONTACTS EXCELLENT

Inspector met 29 office contacts. Legat and Assistant Legat are well regarded and are doing a very effective liaison job.

RECOMMENDATIONS:

1. Legat Harold L. Child, Jr., GS-15 @ \$13,070, nonveteran, not on probation. Child is intelligent, conscientious, and has done a very substantial over-all job in handling his present assignment. Child has a very good knowledge of Japanese customs and language; however, it is not felt that he has gone "native." In addition to being able to converse in Japanese, he can also read and write same. Japanese is an extremely difficult language to learn and it was obvious that Japanese contacts are impressed with his knowledge and ability to handle their language. Child has been Legat in Tokyo since 11-19-54 and would

Memorandum to Mr. Tolson
Re: Inspection - Office of Legat, Tokyo

normally be considered for rotation in 4 years. However, in view of the excellent contacts he has made, his knowledge of the language, and his extensive knowledge of the Far East subversive picture, it is felt that the best interests of the Bureau would be served by continuing him in his present position -- recommend Child continue as Legat, Tokyo. If approved, attached letter summarizing inspection results should go forward.

✓

2. Assistant Legat Robert G. Kunkel, GS-14 @ \$11,355, veteran, not on probation. Kunkel is interested, aggressive, and ambitious. Legat feels Kunkel qualified for position of Legat or ASAC. Inspector feels that Mr. Kunkel is doing satisfactory job as Assistant Legat and could function as ASAC in a small office. Mr. Kunkel is presently studying Japanese but does not know how to read or write same. The Legat advises Kunkel has made very good progress in his language study. Mr. Kunkel has a very limited conversational ability which, however, does permit him to get around Japan and perform his duties in a satisfactory manner. It is not felt that Mr. Kunkel should be considered for position of Legat until he is able to read and write and converse fluently in Japanese. Continue as Assistant Legat.

OPERATIONS OF LEGAL ATTACHE OFFICES
MONTHLY ADMINISTRATIVE REPORTS
SUGGESTION

Reurlet May 6, 1959.

You should thank Special Agent Robert G. Kunkel for his suggestion as submitted in referenced letter. The Bureau appreciates Special Agent Kunkel's thought and consideration in this matter and his commendable attitude in line with the Bureau suggestion program.

For your information, the Bureau thoroughly analyzed the instructions requiring each foreign office to submit a monthly listing of pending and closed cases on Form 5-93. It was fully realized that extra time and effort would be required in compiling and submitting the desired data to enable the detection of weaknesses in production and the effectiveness in liaison operations.

Upon receipt of Form 5-93, the contents are thoroughly reviewed and analyzed. A representative number of cases from each monthly report are selected for separate review and analysis by the Substantive Desk supervisors. Such factors as the handling of individual requests, thoroughness of investigations, promptness, and undue delays are considered. A thorough and penetrative written analysis is made on each case selected and these reports are used in the over-all quarterly evaluation of the investigative and administrative operations in the office concerned.

Previously consideration has been given to requiring the submission of Form 5-93 on a quarterly basis. However, some of the foreign offices do not have their cases in a condition that would justify such action. When the various foreign offices have their case loads in such a status that submission of Form 5-93 reveals the individual cases are receiving prompt, effective attention, and are meeting Bureau requirements, consideration will again be given to requiring the submission of Form 5-93 on a quarterly basis.

Legal Attache, Tokyo

Note:

Special Agent Robert G. Kunkel submitted the suggestion that instructions be amended to require the submission of Form 5-93 on a semi-annual basis, estimating an annual savings of \$3024.90. Thorough review and analysis has previously been given to quarterly submission of this form. However, close supervision resulting from analyzation of these forms is still desirable and the monthly submission of Form 5-93 is needed to ferret out administrative and investigative weaknesses of liaison arrangements.

LEGAL ATTACHE HOME LEAVE, IN-SERVICE AND CONFERENCE SCHEDULE

The following Agents have been scheduled for home leave, in-service or specialized training and Seat of Government conferences during the second half of the current calendar year.

In Rome, Legal Attache Armand A. Cammarota should report to the Bureau 7-16-59 for two-day Seat of Government conferences to be followed by two weeks AFSAM 7 training, which will be given in lieu of in-service. As indicated in the Bureau's letter of 1-28-59 to the Rome Office, Legal Attache Cammarota will be given in-service when reporting to the Bureau for Seat of Government conferences in 1960. Following AFSAM 7 training, SA Cammarota will be granted up to one calendar month's home leave.

Robert G. Kunkel

In Mexico, SA [] should report to the Bureau 7-6-59 for in-service to be followed by home leave. SA [] should report to the Bureau 7-13-59 for in-service to be followed by home leave. SA [] should report to the Bureau 8-24-59 for in-service to be followed by home leave and SA [] should report to the Bureau 10-19-59 for in-service to be followed by home leave. SA [] should report to the Bureau 11-23-59 for in-service to be followed by home leave and SA [] should report to the Bureau 11-30-59 for in-service to be followed by home leave. In each case, up to one calendar month's home leave will be granted.

In Tokyo, Legal Attache Harold L. Child should report to the Bureau 7-16-59 for two-day Seat of Government conferences to be followed by up to one calendar month's home leave.

Letter to Legal Attache, Rome

Re: LEGAL ATTACHE HOME LEAVE, IN-SERVICE AND CONFERENCE SCHEDULE

SA Robert G. Kunkel should report to the Bureau 11-2-59 for in-service to be followed by one month's home leave.

In Havana, SA [] should report to the Bureau 8-13-59 for AFSAM 7 training to be followed by one month's home leave. Legal Attache James T. Haverty should report to the Bureau 9-28-59 for two-day Seat of Government conferences to be followed by one month's home leave. SA [] who is under transfer to Havana, should report to the Bureau 12-22-59 for home leave to be followed by in-service.

In Madrid, Legal Attache Clark D. Anderson should report to the Bureau 10-8-59 for two-day Seat of Government conferences to be followed by AFSAM 7 training and up to one month's home leave.

In London, Legal Attache Charles W. Bates should report to the Bureau 9-17-59 for two-day Seat of Government conferences.

In Bonn, Legal Attache George A. Van Noy is scheduled to report to the Bureau 11-5-59 for two-day Seat of Government conferences.

The attention of all agents scheduled to report to the Bureau in July is called to the fact that travel to the United States should not be initiated until after 7-1-59.

All of the above Agents when reporting to the Bureau should be in Room 7641, Department of Justice Building, no later than 8:45 a. m. of the first day on which they are scheduled.

Since all Agents who have been scheduled for home leave have completed the necessary two years service abroad which is a prerequisite for taking home leave as set out in SAC Letter 55-49, they will be eligible for home leave as soon as the other provisions in that letter have been met. A new two-year agreement should be submitted at an early date or in the event any Agent does not desire to execute a new two-year agreement, the Bureau should be advised immediately in order that other appropriate action can be taken.

A detailed itinerary setting forth travel plans from the date of the Agent's planned departure from his post of assignment until his return thereto should be submitted as soon as practicable. SAC Letter 55-49 must be fully complied with prior to an Agent's departure from his post of assignment for the purpose of taking home leave. All travel must be in strict compliance with standardized Government travel regulations.

Prior to the time the Agents scheduled above depart from their offices for the United States, the Bureau should be advised as

Letter to Legal Attache, Rome

Re: LEGAL ATTACHE HOME LEAVE, IN-SERVICE AND CONFERENCE SCHEDULE

to what disposition should be made of salary and expense checks, both office and personal, during the period they are on home leave and at the Bureau for conferences or training. In the event any of these Agents have passports which need revalidating or other action taken by the State Department, the passport should be handed to the Liaison upon the Agent's arrival at the Bureau.

Each Agent scheduled for conferences should prepare himself to fully account for all operations of his office while at the Bureau and to discuss in detail any existing problems. He will be expected to maintain a complete set of notes covering all interviews with officials and supervisors during such conferences at the Bureau. In the event the work of any office receiving a copy of this letter makes it inadvisable to follow the above schedule, the Bureau should be advised promptly with full details and recommendations for any necessary revisions.

NOTE: Above schedule approved on the basis of a memorandum Roach to Belmont dated 6-1-59, captioned "LEGAL ATTACHE CONFERENCE IN-SERVICE AND HOME LEAVE SCHEDULE." NLF:ef

Under the present policy, Legal Attaches are brought into the Bureau every two years for home leave and conferences with in-service given every four years. In the alternate years when they do not return for home leave, they report for two-day Seat of Government conferences. The other Agents abroad are brought in for home leave and in-service every two years. In order to conserve the Bureau's funds, no Agents were brought in for home leave, conferences, or in-service since January, 1959. The attached schedule has, therefore, been prepared to initiate such travel after 7-1-59. It is noted that no Agents are due for home leave or in-service during the calendar year 1959 from the Rio De Janeiro, Ottawa, Bonn, or London Offices.

In Havana, all three Agents will be due for home leave this year. Legal Attache J. T. Haverty will be due for home leave and two-day Seat of Government conferences and Assistant Legal Attache D. J. Brennan is due for home leave and AFSAM 7 training in lieu of in-service. Assistant Legal Attache W. G. Friedemann (who is under transfer from Rio de Janeiro) will be due for home leave and in-service.

In Rome, Legal Attache A. A. Cammarota is due for home leave, Seat of Government conferences, and AFSAM 7 training, in lieu of in-service.

In Tokyo, Legal Attache H. L. Child is due for home leave and Seat of Government conferences and Assistant Legal Attache R. G. Kunkel is due for home leave and in-service.

In Mexico, Assistant Legal Attaches [] and [] of the headquarters office are due for home leave and in-service as well as Resident Agents [] from Monterrey and [] from Guadalajara.

Memorandum to Mr. Belmont

Re: LEGAL ATTACHE CONFERENCE, IN-SERVICE, AND HOME LEAVE SCHEDULE:

In Madrid, Legal Attache G. D. Anderson is due for home leave and two-day Seat of Government conferences. He would not normally be due for in-service under the four-year rule for Legal Attaches at this time but since he is the only Agent in Madrid and he has not yet had AFSAM 7 training, he is being scheduled at this time for such training. He has been scheduled for home leave after Legal Attache Cammarota from Rome returns to Europe, however, since it will be necessary for Assistant Legal Attache W. F. Doyle from Paris to substitute in both Rome and Madrid during the absence of the Legal Attaches from those posts.

In Paris, Legal Attache L'Allier will be considered later for rotation. If he is not rotated, he will be given home leave and two-day Seat of Government conferences later this year. If he is rotated, the Agent selected to replace him as Legal Attache will be given two-day Seat of Government conferences.

Legal Attaches Bates from London and Van Noy from Bonn are to have two-day Seat of Government conferences without home leave.

RECOMMENDATION:

It is recommended that the attached schedule covering home leave, in-service and annual conferences for Agents abroad be approved. That schedule is provisional, contingent upon the status of the work in the individual offices. Home Leave for clerical personnel is being handled separately.

If the above recommendation is approved, appropriate instructions will be issued to the offices affected.

Dear Mr. Hoover:

Reference is made to Bureau letter to Legat, Bonn, dated June 10, 1959, setting forth a schedule for personnel abroad to return for home leave. It was noted that I am scheduled to return on November 2, 1959, upon the completion of my two year assignment in the Tokyo Office. In this connection, I wish to advise the Bureau of a matter effecting my personal situation and to request consideration for an extension of my assignment to the Tokyo Office for a period of one year.

My wife and I have been blessed with the prospects of an addition to our family which is scheduled for November 5, 1959. This, of course, will preclude the possibility of any extended travel on her part for several months. In October, 1959, I was privileged to have had the opportunity to return for two days of conferences with you and other Bureau officials, and, should the Bureau find it convenient to extend my assignment for one year, a savings of the travel costs involved would accrue to the Bureau during Fiscal Year 1960.

Further, I wish to point out the background leading up to my assignment to the Tokyo Office and to reiterate my desire to continue to advance in the Bureau's service. Prior to my assignment to this office I was assigned to the inspection staff of the Training and Inspection Division for approximately one year for the purpose of receiving experience which would prepare me for assuming greater responsibilities. In August, 1957, certain personnel and administrative problems arose in the Tokyo Office which subsequently resulted in my selection to replace the then Assistant Legal Attache. I am pleased to have the opportunity to serve the Bureau in this capacity; however, there appears to be no prospects of further advancement

in this office. I was then and am now interested and available for administrative advancement in the Bureau and with the concurrence of the Bureau would like to continue to advance following my departure from the Tokyo Office.

ReBulet to Legat, Bonn, dated June 10, 1959, captioned "Legal Attaches Home Leave, In-Service and Conference Schedule."

Enclosed is a personal letter from SA Robert G. Kunkel requesting consideration for an extension of his assignment to this office for a period of one year due to an expected addition to his family at the time he is scheduled to return.

SA Kunkel has made an excellent contribution to this office during his assignment here and it is believed that favorable consideration of his request by the Bureau will benefit the work of the Tokyo Office, as well as effecting a financial saving to the Bureau.

It is therefore recommended that he be granted an extension of one year after completion of his two-year assignment in Tokyo on October 21, 1959, and that he then be considered for in-service and reassignment.

The attached letter from Assistant Legal Attache Robert G. Kunkel has called attention to the fact that he is scheduled for home leave in the U.S. 11-2-59 following the completion of his two-year assignment in Tokyo. He requests that his home leave and in-service be postponed and his assignment to Tokyo be extended for one year. His wife is expecting another child in November, 1959, which will make it impossible for her to travel at that time. SA Kunkel also points out that he had conferences at the Bureau last October and that it would be a considerable saving to the Bureau to eliminate his home leave this year thereby avoiding the travel cost.

SA Kunkel apparently does not desire to sign another two-year agreement to remain in Tokyo but requests return to the U.S. at the end of his one-year extension which would be 10-21-60. He points out that prior to his assignment to Tokyo he was on the Inspection Staff of the Training and Inspection Division in preparation for assuming greater responsibilities. He states that while he is pleased to have been able to serve the Bureau in Tokyo, there appears to be no prospect for further advancement in that office and he is interested in and available for further advancement in the Bureau and with the concurrence of the Bureau, he would like to continue his administrative advancement following his departure from Tokyo. It is noted that the Legal Attache concurs with SA Kunkel's request pointing out that he has made an excellent contribution to the Tokyo Office and recommending that SA Kunkel be given a one-year extension after his current two-year agreement expires and that he then be considered for in-service and reassignment.

OBSERVATIONS:

There appears to be no major problem involved in extending SA Kunkel's assignment to Tokyo for an additional year since under the home leave law, it is not mandatory that the employee return to the U.S. for home leave following the two-year period. Under the circumstances, therefore, it is believed that he should be continued in the Tokyo Office until 10-21-60, after which he should be returned to the U.S., given in-service and considered for appropriate assignment. It is believed that if a continued need exists for two men in Tokyo next year, a new replacement for SA Kunkel in Tokyo should be selected before 9-15-60 so that the replacement can arrive in Tokyo and receive appropriate indoctrination and become acquainted with the operation of the Tokyo Office prior to SA Kunkel's departure.

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur. The following person is designated as my beneficiary for FBI Agents' Insurance Fund:

The following information is submitted for the assistance of Assistant Director Belmont in interviewing SA Child and for the assistance of the Administrative Division in briefing the Director preparatory to his interview with SA Child.

There are two Agents and two clerk stenographers currently assigned to the Tokyo Office. Legal Attache Child has been assigned there since 11-19-54. His second two-year tour of duty expired in January of this year, but he was not brought in at that time due to budgetary considerations. As he would have completed his second two-year tour at that time, it was recommended by the Domestic Intelligence Division in November that the Inspector evaluate Child with a view to rotation unless continuance in his present assignment was clearly in the best interests of the Bureau. The second Agent assigned, Robert G. Kunkel, was to be evaluated by the Inspector as a possible replacement for Child. The inspection was carried out 12/1-6/58 and it was recommended by the Inspector and approved that Child be continued as the Legal Attache. The Inspector felt that Kunkel should not be considered for the position of Legal Attache until he is able to read and write and converse fluently in Japanese. He was making progress in his language study and it was the recommendation of the Inspector that he be continued as Assistant Legal Attache. SA Child has, therefore, been scheduled for conferences at the Seat of Government to be followed by home leave pursuant to Public Law Number 737, 83rd Congress.

SA Kunkel will complete his first two-year tour of duty 10-21-59, becoming eligible thereafter for home leave. By letter 6-22-59 the Legal Attache forwarded a letter from SA Kunkel requesting that his home leave and in-service training be postponed and his assignment to Tokyo extended for one year. His wife is expecting another child in November, 1959, making it impossible for her to travel at that time. SA Kunkel does not desire to commit himself to another two-year tour of duty in Tokyo and requests return to the U.S. at the end of his one-year extension, pointing out that he was on the Inspection Staff of the Training and Inspection Division at the time of his transfer to Tokyo, and there appears to be no prospect for further advancement in the Tokyo Office. He requests reassignment after the one-year extension.

The two clerical employees assigned are [redacted] and [redacted] arrived in Tokyo on transfer from Anchorage, Alaska. [redacted] arrived in Tokyo 8-23-57. Her two-year assignment

Memorandum To Mr. Belmont
Re: HAROLD L. CHILD, JR.

will be completed 8-23-59 and by letter 6-19-59, the Legal Attache advised that [] is interested in transfer to a European office if a vacancy should exist. She has indicated a willingness to remain in Tokyo, however, for a few extra months following the termination of her two-year assignment. It is anticipated that a vacancy will exist in Rome after 11-30-59, and it is contemplated at this time that [] will be transferred to Rome to fill that vacancy and that [] now assigned in Rio de Janeiro and who also wishes a change at the termination of her contract will be assigned to Tokyo to fill the vacancy there. (These clerical transfers recommended by memorandum Roach to Belmont 7-1-59 and approved in Administrative Division.)

The matter of relations with the Chinese Nationalists is a matter of current and particular interest to the Director. Legal Attache Child has been in contact for an extended period with Chinese Nationalist (CHINAT) intelligence representatives in Tokyo who have evidenced a cooperative attitude but had been unable to get a clear "go ahead" from their superiors in Taipei, Formosa. One of the obstacles may have been Central Intelligence Agency which had to some extent pre-empted the field and the CHINATS were reluctant to offend CIA by relations with the FBI. At their suggestion and with Bureau approval, Child visited Taipei between 5/19-24/59. CHINAT officials contacted appeared receptive toward the proposal that they could help the interests of their own country by supplying to the Bureau for exploitation information received by them relating to Chinese communist activities in the U.S. and agreed that direct relationship with a representative of the FBI appeared desirable. It was noticeable to the Legal Attache that Chinese police and intelligence officials hold the Bureau in highest esteem. The highest intelligence body is the National Defense Council and directly under it is the National Security Bureau (NSB). Lieutenant General Chiang Ching-Kuo, Deputy Secretary General of the National Defense Council, and eldest son of Generalissimo Chiang Kai-shek is acknowledged by American agencies in Taipei to be the most important person in the CHINAT intelligence hierarchy. Child talked to Chiang Ching-Kuo on 5-22-59, presenting him with a copy of "Masters of Deceit." Chiang Ching-Kuo stated he admired the Bureau and the Director and wished that his personal regards might be extended to the Director. He indicated liaison between representatives of the Bureau and his government would be desirable and beneficial and stated he would issue instructions to the heads of the agencies concerned. (At this point it might be noted that Chiang Ching-Kuo is regarded in some U.S. quarters as being one of the many Chinese officials who will be willing to compromise with the Chinese communists when Chiang Kai-shek dies or loses power). Verbal assurances were given to Child by the Directors of key agencies dealing with counterintelligence matters that

they understood the type of information desired by the Bureau and would thereafter furnish such information to Child through the Chinese Embassy in Tokyo. Representatives of CIA, Army intelligence, and Air Force intelligence in Taipei all state that while the CHINATS have been very cooperative in furnishing positive intelligence developed by them, they have been extremely reluctant to turn over counterintelligence information of any kind. Child concluded in his letter of 5-26-59 that it remained to be seen whether they carry out their promises in this regard, and he is to submit at the end of six months an analysis of the information received. The Director commented on this letter "It will be interesting to see how this develops. Keep me advised so I may be appropriately guided in contacts with Madam Chiang and the Chinese Ambassador here." Child has been appropriately notified of the Director's interest.

One of the individuals met by Child on Taipei was Colonel Wang Ching-Fang who stated he was to visit the U.S. for about one year in order to coordinate activities of overseas Chinese students in support of Nationalist China and also under the direction of the NSB was to obtain information regarding communist activities among Formosans, particularly Formosan student associations in New York and Chicago. On 6-23-59, Colonel Wang called at the Bureau and was afforded a special tour pursuant to Child's recommendation. He was also interviewed by a Bureau official in connection with his indicated desire to furnish to the Bureau any information coming to his attention regarding Chinese communist activities during his stay in this country. Colonel Wang indicated he would be available for any special assignment the Bureau might want to give him in this country. He was furnished with the names of the SACs in New York and Chicago and the SACs have been notified. Colonel Wang is also to be furnished with information in possession of the Bureau which will assist him in carrying out the objective of uncovering Chinese communist activities here. He was cautioned to be careful that his actions do not make him liable for registration as a foreign agent.

On 7-14-59, two days before Child's arrival, the Director is scheduled to greet Nobutaro Kawai, Chief of the Criminal Affairs Section, Ministry of Justice, Japan; Hiromichi Honda, Chief Superintendent, Identification Section, Criminal Investigation Bureau, Japanese National Police Agency; Masayoshi Iwata, Superintendent attached to Criminal Investigation Division, Tokyo Metropolitan Police Department; and Masakiyo Ishikawa, Technical Official, Chief, Chemical Section, Scientific Laboratory, Tokyo Metropolitan Police Department. These Japanese officials will also be afforded a special tour of the Bureau and conferences with appropriate Bureau officials. Arrangements have been made in addition for Mr. Kawai to be introduced to appropriate Department officials. As Child has recommended this action, the Director may wish to mention to him the action taken.

Memorandum to Mr. Belmont
Re: SA HAROLD L. CHILD, JR.

Lieutenant General Emmett "Rosy" O'Donnell, Jr., Deputy Chief of Staff, Personnel, Department of the Air Force, has been designated the new Commander in Chief of the Pacific Air Forces, effective 8-1-59. At the same time, he will be promoted from the rank of Lieutenant General to full General. General O'Donnell is a close personal friend of the Director and has been most cooperative with the FBI for many years. The SAC, Honolulu, and Legal Attache Child were instructed by Bulet 5-12-59 to call on General O'Donnell and advise him that our offices in Honolulu and Tokyo will be glad to be of assistance at any time. The Legal Attache, Tokyo, is, of course, to await a visit to Japan by General O'Donnell before making the contact. The Director may wish to mention this matter personally to Child.

The administrative report for the month ending 6-30-59 reflected that there were 119 pending cases in the Tokyo Office, of which one was pending inactive. Only one case was delinquent, thus giving a delinquency percentage of 00.85%. The average delinquency for foreign offices as of 5-31-59 was 3.8% (Foreign office averages for June not yet available.) The Tokyo Office during June closed 56 cases or an average of 28 cases per Agent per month. For the past six months, it has averaged closing 25 cases per Agent per month. The foreign office average of cases closed per Agent per month for May was 23.3% and customarily fluctuates in the near vicinity of that figure. Of the 293 cases opened in the Tokyo Office during the past six months, 226 or 77% have been opened upon information developed locally. The Tokyo Office in addition to covering Japan, also covers the Philippines and Hong Kong on road-trip basis. Due to the distances involved and expense of travel, personal contact in those areas has not been as frequent as would otherwise be desirable, with some attendant delay in the handling of matters in those areas. A review has been made of follow-up letters and forms sent to the Tokyo Office during the past six months by the Foreign Liaison Desk and a review of approximately 10% of the case load quarterly by the substantive desks has revealed culpability on the part of the Legal Attache's Office in these matters.
